

MATCHMASTER COMPETITION FULL LENGTH BUSHING DIE SETS - RCBS 6MM XC COMPETITION FULL LENGTH BUSHING DIE SET

[Reloading](#) > [Reloading Dies](#) > [Rifle Dies](#)

The RCBS MatchMaster Competition die sets are the perfect sets of dies for the precision handloader looking to craft the most precise round possible. The Full length sizing die utilizes RCBS's precision-machined neck bushings to put the perfect amount of neck tension on each round. The titanium nitride coated expander offers silky-smooth case extraction and reduced brass build up on the expander both of which help reduce the amount of stretch on the case neck. Rounding out this exceptional set is the MatchMaster Competition Seating Die. What sets the MatchMaster seating die apart from the competition is our bullet seating window with bullet retaining system. Simply place the bullet in the window and raise the case into the die to seat the bullet. No more smashed fingers or misaligned bullets! Couple this with a micrometer adjustable, free-floating, self-centering bullet seating stem and you have the easiest, most accurate bullet seating die on the market. FULL LENGTH SIZING DIE UTILIZES PRECISIONMACHINED NECK BUSHINGS TITANIUM NITRIDE EXPANDER MICROMETER ADJUSTABLE SEATER FREE FLOATING/SELF-CENTERING BULLET SEATING SYSTEM BULLET LOADING WINDOW WITH BULLET RETAINING SYSTEM

MATCHMASTER COMPETITION FULL LENGTH BUSHING DIE SETS SAFETY INSTRUCTIONS

Introduction

Thank you for choosing the RCBS MatchMaster Competition Full Length Bushing Die Set. This product is designed for precision handloading, allowing you to create the most accurate ammunition possible. To ensure your safety and the safety of others, please read and follow these safety instructions carefully.

General Safety Guidelines

- Always handle reloading equipment with care and follow the manufacturer's instructions.
- Keep the die set and all reloading components out of reach of children and unauthorized users.
- Use the die set only for its intended purpose as described in the product manual.
- Regularly inspect your equipment for wear and damage before use.
- Use personal protective equipment (PPE) such as safety glasses and gloves when reloading.
- Store reloading components in a cool, dry place, away from direct sunlight and moisture.
- Be aware of your surroundings and ensure you are in a safe environment when reloading.

Specific Safety Precautions for Use

- Ensure the work area is clean and organized to prevent accidents.
- Do not use the die set if you are tired, distracted, or under the influence of substances that could impair your judgment.
- Always doublecheck measurements and settings before beginning the reloading process.
- Use the correct caliber and type of components compatible with the die set.
- Follow all local laws and regulations regarding ammunition reloading and storage.
- In case of any malfunctions or issues during use, cease operation immediately and consult the product manual or a qualified professional.

Instructions for Installation and Usage

1. Installation:

- Ensure the reloading press is securely mounted to a stable work surface.
- Carefully remove the die set from its packaging.
- Install the fulllength sizing die into the press according to the manufacturer's instructions.
- Attach the titanium nitride expander to the sizing die if applicable.
- Install the MatchMaster Competition Seating Die into the press, ensuring it is securely fastened.

2. Usage:

- Prepare your brass cases by cleaning and inspecting them for damage.
- Set the desired neck tension by selecting the appropriate neck bushing.
- Insert the brass case into the sizing die and operate the press to resize the case.
- Use the expander to ensure proper neck diameter.
- For bullet seating, place the bullet in the bullet loading window and raise the case into the seating die to seat the bullet.
- Adjust the micrometer seating stem as needed for precise bullet seating depth.

Disposal Instructions

- Dispose of any unused or damaged reloading components in accordance with local regulations.
- Do not dispose of reloading components in regular household waste.
- Check with local waste management authorities for proper disposal methods for hazardous materials.

Contact Information for Further Support

For further assistance or inquiries regarding safety and usage of the RCBS MatchMaster Competition Full Length Bushing Die Set, please refer to the product manual or contact the manufacturer directly through the provided channels.

Conclusion

By following these safety instructions, you can ensure a safe and effective reloading experience with the RCBS MatchMaster Competition Full Length Bushing Die Set. Always prioritize safety and adhere to best practices while reloading. Thank you for your commitment to safe reloading practices.
