

MATCHMASTER COMPETITION NECK BUSHING DIE SETS - RCBS 338 LAPUA COMPETITON NECK BUSHING DIE SET

[Reloading](#) > [Reloading Dies](#) > [Rifle Dies](#)

The RCBS MatchMaster Competition die sets are the perfect sets of dies for the precision handloader looking to craft the most precise round possible. The neck sizing die utilizes RCBS's precision-machined neck bushings to put the perfect amount of neck tension on each round while not changing the body dimensions of fired cases. The titanium nitride coated expander offers silky-smooth case extraction and reduced brass build up on the expander both of which help reduce the amount of stretch on the case neck. Rounding out this exceptional set is the MatchMaster Competition Seating Die. What sets the MatchMaster seating die apart from the competition is our bullet seating window with bullet retaining system. Simply place the bullet in the window and raise the case into the die to seat the bullet. No more smashed fingers or misaligned bullets! Couple this with a micrometer adjustable, free-floating, self-centering bullet seating stem and you have the easiest, most accurate bullet seating die on the market. NECK SIZING DIE UTILIZES PRECISION-MACHINED NECK BUSHINGS TITANIUM NITRIDE EXPANDER MICROMETER ADJUSTABLE SEATER FREE FLOATING/SELF-CENTERING BULLET SEATING SYSTEM BULLET LOADING WINDOW WITH BULLET RETAINING SYSTEM

Safety Instruction Guide for RCBS MatchMaster Competition Neck Bushing Die Sets

Introduction

Thank you for choosing the RCBS MatchMaster Competition Neck Bushing Die Sets for your reloading needs. This guide provides essential safety instructions to ensure the safe use of this product. Please read and understand all instructions before using the die set.

General Safety Guidelines

- **Product Safety:** Ensure safe use of the MatchMaster Competition Neck Bushing Die Sets by following all instructions. This product is designed for precision handloading and should be used with care.
- **Enhanced Recalls:** Stay informed about any potential recalls. Regularly check for updates on the EU's Safety Gate platform.
- **Online Shopping:** If purchased online, ensure that the seller complies with safety requirements similar to those of physical stores.
- **Special Consumer Focus:** This product is not intended for use by children. Keep all components out of reach of minors.
- **EU Contact Point:** For safety inquiries, refer to the manufacturer's contact information provided with your product.
- **Rapid Alerts:** Be aware of the Safety Gate system for updates on unsafe products.

Specific Safety Precautions for Use

- **Read All Instructions:** Thoroughly read the instruction manual before using the die set.
- **Wear Protective Gear:** Always wear safety glasses and gloves when handling reloading equipment to protect against potential hazards.
- **Check for Damage:** Inspect the die set for any signs of damage or wear before use. Do not use damaged equipment.
- **Keep Workspace Clean:** Maintain a clean and organized workspace to avoid accidents.
- **Avoid Distractions:** Focus on the task at hand. Avoid distractions while reloading to ensure safety and precision.
- **Use Appropriate Components:** Only use components that are compatible with the RCBS MatchMaster Die Set.
- **Follow Recommended Loads:** Adhere to recommended load data and guidelines to avoid dangerous overpressure situations.
- **Store Safely:** Store the die set in a safe, dry place when not in use. Ensure it is out of reach of children.

Instructions for Installation and Usage

1. Setup:

- Ensure that your reloading press is securely mounted and stable.
- Gather all necessary components, including brass cases, bullets, powder, and the MatchMaster Die Set.

2. Installing the Neck Sizing Die:

- Remove the die from its packaging.
- Install the neck sizing die into the reloading press according to the manufacturer's instructions.
- Adjust the die to the desired depth for neck sizing.

3. Using the Neck Sizing Die:

- Insert a fired brass case into the shell holder.
- Raise the ram to bring the case into contact with the die.
- Lower the ram to extract the sized case.
- Repeat for all cases to be sized.

4. Installing the Seating Die:

- Remove the seating die from its packaging.
- Install the seating die into the reloading press.
- Adjust the seating depth using the micrometer adjustable stem.

5. Using the Seating Die:

- Place a bullet into the bullet loading window.
- Raise the brass case into the die to seat the bullet.
- Lower the ram to extract the seated round.
- Repeat for all rounds.

6. Final Inspection:

- Inspect each loaded round for proper seating and overall quality.
- Ensure that no rounds are damaged or improperly loaded.

Disposal Instructions

- **Dispose of Components Properly:** Follow local regulations for the disposal of brass, bullets, and other materials. Do not dispose of in regular household waste.
- **Recycling:** Consider recycling brass cases and other metal components where possible.
- **Hazardous Materials:** If using hazardous materials, follow specific disposal guidelines for those materials.

Contact Information for Further Support

For any questions or concerns regarding the use of your RCBS MatchMaster Competition Neck Bushing Die Set, please refer to the manufacturer's contact information provided with your product.

By following these safety instructions, you can ensure a safe and effective experience with your RCBS MatchMaster Competition Neck Bushing Die Set. Always prioritize safety and precision in your reloading activities.
