

# MATCHMASTER COMPETITION NECK BUSHING DIE SETS - RCBS 300 NORMA MAGNUM COMPETITON NECK BUSHING DIE SET

[Reloading](#) > [Reloading Dies](#) > [Rifle Dies](#)

The RCBS MatchMaster Competition die sets are the perfect sets of dies for the precision handloader looking to craft the most precise round possible. The neck sizing die utilizes RCBS's precision-machined neck bushings to put the perfect amount of neck tension on each round while not changing the body dimensions of fired cases. The titanium nitride coated expander offers silky-smooth case extraction and reduced brass build up on the expander both of which help reduce the amount of stretch on the case neck. Rounding out this exceptional set is the MatchMaster Competition Seating Die. What sets the MatchMaster seating die apart from the competition is our bullet seating window with bullet retaining system. Simply place the bullet in the window and raise the case into the die to seat the bullet. No more smashed fingers or misaligned bullets! Couple this with a micrometer adjustable, free-floating, self-centering bullet seating stem and you have the easiest, most accurate bullet seating die on the market. NECK SIZING DIE UTILIZES PRECISION-MACHINED NECK BUSHINGS TITANIUM NITRIDE EXPANDER MICROMETER ADJUSTABLE SEATER FREE FLOATING/SELF-CENTERING BULLET SEATING SYSTEM BULLET LOADING WINDOW WITH BULLET RETAINING SYSTEM

# **MATCHMASTER COMPETITION NECK BUSHING DIE SET Safety Instructions**

## **Introduction**

Thank you for choosing the RCBS MatchMaster Competition Neck Bushing Die Set. This product is designed for precision handloading, enabling you to create the most accurate rounds possible. To ensure your safety and the optimal performance of this product, please read and follow these safety instructions carefully.

## **General Safety Guidelines**

- Ensure safe use of all nonfood products, including new technologies and online purchases.
- Be aware of risks not addressed by other EU laws.
- Online shopping provides the same protections as physical stores; ensure platforms meet safety requirements.
- Extra safeguards are in place for vulnerable groups, such as children.
- All products must have an EUbased contact for any safety inquiries.
- Stay informed about unsafe products through the EU's Safety Gate platform and report any unsafe products or accidents to authorities.

## **Specific Safety Precautions for Use**

- Always wear appropriate eye protection when using reloading tools.
- Keep the die set and all components out of reach of children and unauthorized users.
- Use the dies only for their intended purpose; do not modify them.
- Inspect the dies and components for damage or wear before use. Do not use damaged items.
- Ensure that your workspace is clean and organized to prevent accidents.
- Do not exceed the recommended load specifications for your cartridges.
- Follow all local laws and regulations regarding ammunition reloading.

## **Instructions for Installation and Usage**

### **1. Setup:**

- Ensure your reloading press is securely mounted and stable.
- Remove the MatchMaster Competition Neck Bushing Die Set from its packaging.
- Inspect all components for any visible damage or defects.

### **2. Installation:**

- Insert the neck sizing die into your reloading press according to the manufacturer's instructions.
- Secure the die in place to prevent movement during operation.
- Attach the titanium nitride expander as per the guidelines in the product manual.

### **3. Using the Neck Sizing Die:**

- Select the appropriate neck bushing for your cartridge.
- Place a fired case into the reloading press.
- Raise the ram to size the neck of the case, ensuring smooth operation.
- Check the neck tension and adjust as necessary by changing the neck bushing.

### **4. Using the Seating Die:**

- Insert the MatchMaster Competition Seating Die into the press.
- Adjust the micrometer seating stem for the desired bullet seating depth.
- Place the bullet in the bullet loading window and raise the case into the die to seat the bullet.
- Verify that the bullet is seated correctly and check for alignment.

#### 5. **PostUse:**

- Clean the dies and components after each use to prevent corrosion and buildup.
- Store the die set in a dry, safe location away from moisture and unauthorized users.

## **Disposal Instructions**

- Dispose of any worn or damaged components in accordance with local regulations.
- Do not throw away the die set in regular household waste. Contact local recycling centers for proper disposal methods.
- Ensure that all materials are disposed of in a way that prevents harm to the environment.

## **Contact Information for Further Support**

For any questions or concerns regarding the MatchMaster Competition Neck Bushing Die Set, please refer to the product manual or visit the manufacturer's website for additional resources and support.

By following these safety instructions, you can ensure a safe and effective handloading experience with your RCBS MatchMaster Competition Neck Bushing Die Set. Thank you for prioritizing safety in your reloading practices.
