

# MATCHMASTER COMPETITION NECK BUSHING DIE SETS - RCBS

## 6MM CREEDMOOR COMPETITON NECK BUSHING DIE SET

[Reloading](#) > [Reloading Dies](#) > [Rifle Dies](#)

The RCBS MatchMaster Competition die sets are the perfect sets of dies for the precision handloader looking to craft the most precise round possible. The neck sizing die utilizes RCBS's precision-machined neck bushings to put the perfect amount of neck tension on each round while not changing the body dimensions of fired cases. The titanium nitride coated expander offers silky-smooth case extraction and reduced brass build up on the expander both of which help reduce the amount of stretch on the case neck. Rounding out this exceptional set is the MatchMaster Competition Seating Die. What sets the MatchMaster seating die apart from the competition is our bullet seating window with bullet retaining system. Simply place the bullet in the window and raise the case into the die to seat the bullet. No more smashed fingers or misaligned bullets! Couple this with a micrometer adjustable, free-floating, self-centering bullet seating stem and you have the easiest, most accurate bullet seating die on the market. NECK SIZING DIE UTILIZES PRECISION-MACHINED NECK BUSHINGS TITANIUM NITRIDE EXPANDER MICROMETER ADJUSTABLE SEATER FREE FLOATING/SELF-CENTERING BULLET SEATING SYSTEM BULLET LOADING WINDOW WITH BULLET RETAINING SYSTEM

# Safety Instruction Guide for RCBS MatchMaster Competition Neck Bushing Die Sets

## Introduction

Thank you for choosing the RCBS MatchMaster Competition Neck Bushing Die Sets. This guide provides important safety instructions to ensure the safe and effective use of your die set. By following these guidelines, you can minimize risks and enjoy a reliable reloading experience.

## General Safety Guidelines

- Ensure that you are familiar with the reloading process and the specific requirements for the 6mm Creedmoor cartridge.
- Always wear appropriate safety gear, including safety glasses and hearing protection, when reloading ammunition.
- Keep your work area clean and organized to prevent accidents.
- Store your die set and all reloading components in a secure location, out of reach of children and pets.
- Regularly inspect your die set for any signs of wear or damage before each use.
- Report any unsafe products or accidents to the relevant authorities.

## Specific Safety Precautions for Use

- **Hazard Identification:**
  - Be aware of the potential hazards associated with reloading, including the risk of injury from handling tools and components.
  - Use caution when working with brass and other materials, as sharp edges may cause cuts.
- **Avoiding Hazards:**
  - Do not exceed recommended load limits when reloading ammunition.
  - Always follow the manufacturer's instructions for your die set and any components used.
  - Ensure that your work area is wellventilated to avoid inhaling any dust or fumes.
- **AgeSpecific Warnings:**
  - This product is intended for use by individuals 18 years of age and older. Keep out of reach of children.

## Instructions for Installation and Usage

### 1. Installation:

- Ensure your reloading press is securely mounted and stable.
- Install the neck sizing die into the press according to the manufacturer's instructions.
- Attach the titanium nitride expander as specified in the die set instructions.

### 2. Usage:

- Prepare your fired cases by cleaning and inspecting them for damage.
- Insert a neck bushing into the sizing die to achieve the desired neck tension.
- Place the case into the die and operate the press to resize the neck without altering the body dimensions.

- Use the MatchMaster Competition Seating Die for bullet seating:
  - Place the bullet in the seating window.
  - Raise the case into the die to seat the bullet accurately.
- Adjust the micrometer seating stem for precise bullet depth as needed.

### **3. PostUse:**

- Clean your die set after use to prevent brass buildup and maintain performance.
- Store the die set in a dry, safe location.

## **Disposal Instructions**

- Dispose of any damaged or worn components in accordance with local regulations.
- Recycle brass and other materials whenever possible to promote environmental sustainability.

## **Contact Information for Further Support**

For any questions or concerns regarding the RCBS MatchMaster Competition Neck Bushing Die Sets, please refer to the product packaging for contact information. Additionally, you can check for recall updates on the EU's Safety Gate platform.

By following these safety instructions, you can ensure a safe and effective reloading experience with your RCBS MatchMaster Competition Neck Bushing Die Sets. Thank you for your attention to safety.
