High Quality To Help You Do The Best Work

STEEL TAPS The Reiff & Nestor Company Steel Taps are precision-engineered tools designed for gunsmiths and firearm enthusiasts to create or repair internal threads in firearm components. Crafted from steel, these taps offer superior durability and maintain their hardness even under high temperatures, making them ideal for continuous use. These taps are available in various thread sizes and styles, including bottom, plug and taper taps which are essential for threading close to the bottom of blind holes. The steel construction ensures longevity and precise threading, accommodating a wide range of gunsmithing applications. Specifications: Material: Steel Tap Styles: Bottom Tap Plug Taper Thread Sizes Available: 8-40 10-32 3/16-32 3-56 6-40 7/32-40 1/4-28 1/4-30 1/4-22 Customer Insights: Users of the Reiff & Nestor Company Steel Taps appreciate their precision and durability. The high-speed steel construction allows for efficient threading without compromising the tool's integrity, making these taps a reliable choice for both professional gunsmiths and hobbyists. Incorporating the Reiff & Nestor Company Steel Taps into your gunsmithing toolkit ensures reliable and accurate threading, enhancing the quality and longevity of firearm components.

Attributes

- Name: [REIFF & NESTOR COMPANY STEEL PLUG TAP 1/4"-22 THREAD](#)
- Manufacturer: [REIFF & NESTOR COMPANY](#)
- Product no.: 748001422
- Mfr. No.: S80102
- Material: Steel
- Style: Plug
- Threads: 1/4-22
- Delivery weight: 0.014kg
- Shipping width: 83mm
- Shipping length: 146mm

Safety Instruction Guide for STEEL TAPS REIFF & NESTOR COMPANY STEEL PLUG TAP 1/4"22 THREAD

Introduction

Thank you for choosing the Reiff & Nestor Company Steel Tap. This guide provides essential safety instructions to ensure the safe and effective use of this product. Please read all sections carefully to understand how to handle, install, and dispose of the tap safely.

General Safety Guidelines

- Always wear appropriate personal protective equipment (PPE) such as safety goggles and gloves when using the tap.
- Ensure your work area is clean, welllit, and free of any obstructions.
- Keep the taps out of reach of children and pets to prevent accidents.
- Do not use the tap for purposes other than those specified in this guide.
- Regularly inspect the tap for any signs of wear or damage before use. Do not use damaged taps.
- Follow all local regulations regarding the use and disposal of metal tools.

Specific Safety Precautions for Use

- Handle the tap with care to avoid injury from sharp edges.
- Use the tap only with materials it is designed for; do not attempt to tap materials that exceed its specifications.
- Ensure that the tap is properly aligned with the hole before starting to thread.
- Apply appropriate cutting fluid to reduce friction and heat during use.
- Do not force the tap; if resistance is felt, stop and check for misalignment or debris.
- Always use the tap at the recommended speed and pressure to prevent overheating.
- Be aware of your surroundings and avoid distractions while using the tap.

Instructions for Installation and Usage

1. Preparation:

- Gather all necessary tools and materials, including the tap, cutting fluid, and a suitable drill.
- Clean the area where the tapping will occur to remove any debris.

2. Tapping Process:

- Mark the center of the hole where you will be tapping.
- Drill a pilot hole according to the size specifications for the tap you are using.
- Apply cutting fluid to the tap for optimal performance.
- Insert the tap into the pilot hole, ensuring it is perpendicular to the surface.
- Turn the tap clockwise, applying gentle pressure. If resistance occurs, back off slightly and then continue.
- Once the desired depth is reached, reverse the tap to remove it carefully.

3. PostUsage:

- Clean the tap after use to remove any metal shavings or cutting fluid.
- Store the tap in a safe, dry place away from moisture.

Disposal Instructions

- Dispose of the tap in accordance with local regulations for metal waste.
- Do not dispose of the tap in regular household waste.
- Consider recycling options available in your area to minimize environmental impact.

Contact Information for Further Support

For any safety inquiries or further assistance, please refer to the relevant support channels provided by the Reiff & Nestor Company. Ensure you have the product details ready for a more efficient response.

By following these safety instructions, you can ensure a safer experience while using the Reiff & Nestor Company Steel Tap. Thank you for your attention to safety, and enjoy your gunsmithing projects!
