High Quality To Help You Do The Best Work

STEEL TAPS The Reiff & Nestor Company Steel Taps are precision-engineered tools designed for gunsmiths and firearm enthusiasts to create or repair internal threads in firearm components. Crafted from steel, these taps offer superior durability and maintain their hardness even under high temperatures, making them ideal for continuous use. These taps are available in various thread sizes and styles, including bottom, plug and taper taps which are essential for threading close to the bottom of blind holes. The steel construction ensures longevity and precise threading, accommodating a wide range of gunsmithing applications. Specifications: Material: Steel Tap Styles: Bottom Tap Plug Taper Thread Sizes Available: 8-40 10-32 3/16-32 3-56 6-40 7/32-40 1/4-28 1/4-30 1/4-22 Customer Insights: Users of the Reiff & Nestor Company Steel Taps appreciate their precision and durability. The high-speed steel construction allows for efficient threading without compromising the tool's integrity, making these taps a reliable choice for both professional gunsmiths and hobbyists. Incorporating the Reiff & Nestor Company Steel Taps into your gunsmithing toolkit ensures reliable and accurate threading, enhancing the quality and longevity of firearm components.

Attributes

- Name: [REIFF & NESTOR COMPANY STEEL BOTTOM TAP 1/4"-30 THREAD](#)
- Manufacturer: [REIFF & NESTOR COMPANY](#)
- Product no.: 748002430
- Mfr. No.: C-30930
- Material: Steel
- Style: Bottom
- Threads: 1/4-30
- Delivery weight: 0.014kg
- Shipping width: 83mm
- Shipping length: 146mm

Safety Instruction Guide for Reiff & Nestor Company Steel Taps

Introduction

Thank you for choosing the Reiff & Nestor Company Steel Taps. These precisionengineered tools are designed for creating and repairing internal threads in firearm components. To ensure your safety and the effective use of this product, please read these safety instructions carefully.

General Safety Guidelines

- Always use the product as intended and follow the manufacturer's instructions.
- Keep the taps away from children and vulnerable individuals.
- Ensure that the workspace is clean and welllit before use.
- Wear appropriate personal protective equipment (PPE), including safety goggles and gloves.
- Be aware of your surroundings and ensure that no one is in the immediate area when using the taps.
- Regularly inspect the taps for any signs of wear or damage before each use.
- Store the taps in a safe and dry place when not in use to prevent damage and accidents.

Specific Safety Precautions for Use

- **Handling:** Always handle the taps with care. Sharp edges can cause injury.
- **Threading:** When threading, apply consistent pressure and avoid excessive force to prevent breakage.
- **Blind Holes:** Use bottom taps only in blind holes to avoid damaging the tool and workpiece.
- **Temperature:** Be cautious of high temperatures that may develop during use. Allow the taps to cool down before handling.
- **Lubrication:** Use appropriate cutting fluid or lubricant to reduce friction and wear on the taps.
- **Distraction:** Avoid distractions while using the taps to maintain focus and safety.

Instructions for Installation and Usage

1. Preparation:

- Gather all necessary tools and materials.
- Ensure that the workpiece is securely clamped or held in place.

2. Selecting the Right Tap:

- Choose the appropriate tap size and style based on your threading requirements.
- For blind holes, use the bottom tap.

3. Drilling the Hole:

- Before tapping, drill a hole to the correct diameter for the chosen tap size.
- Ensure that the hole is clean and free of debris.

4. Tapping Process:

- Insert the tap into the hole.
- Turn the tap clockwise while applying steady pressure, ensuring it is aligned with the hole.
- If resistance is felt, back the tap out slightly to clear any debris before continuing.

5. Finishing:

- Once the desired depth is reached, carefully remove the tap by turning it counterclockwise.
- Clean the newly threaded hole to remove any metal shavings.

Disposal Instructions

- Dispose of any damaged or worn taps in accordance with local regulations.
- Do not dispose of taps in regular household waste. Instead, take them to a designated recycling facility or hazardous waste collection point.

Contact Information for Further Support

For any questions or concerns regarding the use of Reiff & Nestor Company Steel Taps, please reach out to the appropriate EU-based contact for safety inquiries.

Conclusion

By following these safety instructions, you can ensure a safe and effective experience when using the Reiff & Nestor Company Steel Taps. Always prioritize safety and adhere to the guidelines provided. Thank you for your attention to these important safety measures.
