

# SINCLAIR NYLON RIFLE BRUSH - SINCLAIR INTERNATIONAL NYLON RIFLE BORE BRUSH, 416 CALIBER, 8-32M

[Gun Cleaning & Chemicals](#) > [Brushes & Bore Snakes](#) > [Bore Brushes](#)

Sinclair nylon bore brushes are manufactured significantly larger than bore diameter to fit your barrel properly and have a closed loop on the end. Many other brushes are undersized and don't do an adequate job of scrubbing the barrel. Our nylon bore brushes have extremely stiff, heavy bristles which provide excellent scrubbing action in your rifle's bore. Ammonia and oil based cleaners will not "eat" or dissolve these bristles as they do bronze brushes. The nylon pistol brushes are about 1" shorter than the rifle brushes. Brushes except 17 caliber and 20 caliber are standard 8-32 male thread.

## Attributes

- Name: [SINCLAIR INTERNATIONAL NYLON RIFLE BORE BRUSH, 416 CALIBER, 8-32M](#)

# SINCLAIR NYLON RIFLE BRUSH SAFETY INSTRUCTIONS

## Introduction

Thank you for choosing the Sinclair Nylon Rifle Brush by Sinclair International. This product is designed to provide effective cleaning for your rifle's bore. To ensure safe and effective use, please read and follow these safety instructions.

## General Safety Guidelines

- Always ensure the firearm is unloaded before cleaning.
- Keep the brush out of reach of children and pets.
- Inspect the brush for any signs of damage before use.
- Do not use the brush for any purpose other than cleaning your rifle bore.
- Use in a wellventilated area to avoid inhaling any cleaning chemicals.

## Specific Safety Precautions for Use

- **Hazard Identification:**

- The bristles are stiff and may cause injury if used improperly.
- Cleaning solvents may be harmful if inhaled or ingested.

- **Avoiding Hazards:**

- Always handle the brush with care, keeping fingers away from the bristles when not in use.
- Wear gloves when using cleaning solvents to protect your skin.
- Ensure that the cleaning area is free from flammable materials when using solvents.
- Follow the manufacturer's instructions for any cleaning solvents used in conjunction with the brush.

- **AgeSpecific Warnings:**

- This product is intended for use by adults. Keep out of reach of children.

## Instructions for Installation and Usage

- **Installation:**

- The Sinclair Nylon Rifle Brush features a standard 832 male thread (except for 17 caliber and 20 caliber brushes).
- To attach the brush, simply screw it into the cleaning rod until secure.

- **Usage:**

- Ensure the rifle is completely unloaded and pointed in a safe direction.
- Apply a suitable cleaning solvent to the brush.
- Insert the brush into the rifle bore and scrub back and forth to clean.
- After cleaning, remove the brush and clean it with warm soapy water or a suitable solvent.
- Allow the brush to dry completely before storage.

## **Disposal Instructions**

- Dispose of the brush according to local regulations for cleaning supplies and household waste.
- Do not dispose of the brush in a manner that could harm the environment.

## **Contact Information for Further Support**

For any questions or concerns regarding the use of the Sinclair Nylon Rifle Brush, please refer to the manufacturer's website or customer service for assistance.

For safety inquiries, you can also contact your local consumer safety authority or check for updates on the EU Safety Gate platform.

Thank you for your attention to these safety instructions. Enjoy safe and effective cleaning with your Sinclair Nylon Rifle Brush!
