

Sinclair Nylon Pistol Brushes - SINCLAIR INTERNATIONAL NYLON PISTOL BORE BRUSH, 9MM/38/357 CALIBER, 8-32M

[Gun Cleaning & Chemicals](#) > [Brushes & Bore Snakes](#) > [Bore Brushes](#)

Sinclair bronze and nylon bore brushes are manufactured significantly larger than bore diameter to fit your barrel properly and have a closed loop on the end. Many other brushes are undersized and don't do an adequate job of scrubbing the barrel. Our nylon bore brushes have extremely stiff, heavy bristles which provide excellent scrubbing action in your rifles bore. Ammonia and oil based cleaners will not "eat" or dissolve these bristles as they do bronze brushes. The nylon pistol brushes are about 1" shorter than the rifle brushes. Brushes except 17 caliber and 20 caliber are standard 8-32 male thread.

Attributes

- Name: [SINCLAIR INTERNATIONAL NYLON PISTOL BORE BRUSH, 9MM/38/357 CALIBER, 8-32M](#)

Sinclair Nylon Pistol Brushes Safety Instruction Guide

Introduction

Thank you for choosing Sinclair Nylon Pistol Brushes. These brushes are designed to provide effective cleaning for your firearms. To ensure your safety and the proper use of this product, please read the following safety guidelines and instructions carefully.

General Safety Guidelines

- Ensure that the product is used only for its intended purpose.
- Always handle firearms with care and follow all safety protocols.
- Keep the brushes out of reach of children and vulnerable individuals.
- Inspect the brushes regularly for wear or damage before use.
- If you notice any defects or issues, do not use the brushes and contact the manufacturer for support.
- Report any unsafe products or accidents to the relevant authorities.
- Check for recall updates on the EU's Safety Gate platform to stay informed about product safety.

Specific Safety Precautions for Use

- Always ensure that the firearm is unloaded before cleaning.
- Use the brushes in a wellventilated area to avoid inhaling any cleaning chemicals.
- Wear safety glasses to protect your eyes from debris or cleaning solutions.
- Avoid using excessive force when scrubbing to prevent damage to the barrel.
- Do not use the brushes with incompatible cleaning solutions that may damage the bristles.
- Store the brushes in a safe, dry place when not in use to prevent damage.

Instructions for Installation and Usage

1. Preparation:

- Ensure that your firearm is completely unloaded and pointed in a safe direction.
- Gather necessary cleaning supplies, including cleaning solutions and a cleaning rod.

2. Using the Brush:

- Attach the Sinclair Nylon Pistol Brush to the cleaning rod (ensure it is compatible).
- Apply a small amount of cleaning solution to the brush.
- Insert the brush into the barrel from the breech end (if applicable).
- Use a gentle, backandforth motion to scrub the bore, allowing the stiff bristles to clean effectively.
- Repeat as necessary until the bore is clean.
- After use, clean the brush with water or a suitable solvent and allow it to dry completely.

3. PostCleaning:

- Inspect the brush for any signs of wear or damage before storing it.
- Store the brush in a designated area to prevent accidental damage or misplacement.

Disposal Instructions

- Dispose of the brushes responsibly. If the brushes are damaged or worn out, check local regulations for proper disposal methods.

- Do not dispose of the brushes in regular household waste if they contain hazardous materials. Follow local guidelines for hazardous waste disposal instead.

Contact Information for Further Support

For any inquiries regarding product safety or support, please contact the manufacturer directly through the provided contact methods on the product packaging or website.

By following these guidelines, you can ensure a safe and effective cleaning experience with your Sinclair Nylon Pistol Brushes. Thank you for your attention to safety and proper use.
