

# RIFLE BRONZE BORE BRUSH - SINCLAIR INTERNATIONAL BRONZE RIFLE BORE BRUSH, 7MM/270 CALIBER, 8-32M

[Gun Cleaning & Chemicals](#) > [Brushes & Bore Snakes](#) > [Bore Brushes](#)

Sinclair bronze bore brushes are manufactured significantly larger than bore diameter to fit your barrel properly and have a closed loop on the end. Many other brushes are undersized and don't do an adequate job of scrubbing the barrel.

# Safety Instruction Guide for RIFLE BRONZE BORE BRUSH

## Introduction

Thank you for choosing the Sinclair International Bronze Bore Brush for your rifle maintenance needs. This guide provides essential safety instructions and information to ensure the safe and effective use of this product. Please read and follow these guidelines carefully to avoid any hazards associated with its use.

## General Safety Guidelines

- Ensure that the product is used only for its intended purpose. This bore brush is designed specifically for cleaning rifle barrels.
- Always inspect the bore brush before use. Do not use if the brush is damaged or worn.
- Keep the bore brush out of reach of children and vulnerable individuals. It is not a toy and should not be used without adult supervision.
- Use personal protective equipment (PPE) such as safety glasses and gloves when using the bore brush to prevent injury.
- Store the bore brush in a safe and dry place when not in use to prevent damage and ensure longevity.

## Specific Safety Precautions for Use

### • Potential Hazards:

- Injury from sharp bristles: The bristles of the bore brush can cause cuts or scratches.
- Inhalation of debris: Ensure a wellventilated area when using the bore brush to avoid inhaling any cleaning debris.

### • Avoiding Hazards:

- Always handle the brush with care and avoid applying excessive force.
- Do not use the bore brush on a hot barrel; allow the barrel to cool before cleaning.
- Ensure that the brush is properly attached to the cleaning rod to prevent it from detaching during use.

## Instructions for Installation and Usage

### 1. Installation:

- Select the appropriate bore brush size for your rifle caliber (e.g., .284, .277).
- Attach the bore brush securely to the cleaning rod, ensuring it is firmly in place.

### 2. Usage:

- Insert the bore brush into the rifle barrel from the chamber end.
- Use a gentle, backandforth motion to scrub the interior of the barrel.
- Avoid excessive force; let the brush do the work to prevent damage to the barrel.
- After cleaning, remove the brush and inspect it for wear or damage.
- Clean the bore brush after use to maintain its effectiveness and longevity.

## Disposal Instructions

- Dispose of the bore brush in accordance with local regulations. If the brush is damaged or worn out, it should be disposed of in a manner that prevents injury to others.
- Do not incinerate or dispose of the brush in water bodies. Follow your local waste disposal guidelines.

## Contact Information for Further Support

For any questions or concerns regarding the product, please refer to the designated contact point provided by the manufacturer for safety inquiries.

We hope this guide helps you use the Sinclair International Bronze Bore Brush safely and effectively. Thank you for prioritizing safety in your firearm maintenance practices.
