

AMMO BOX FOAM LINER

[Shooting Accessories](#) > [Ammunition Storage](#) > [Ammo Box Accessories](#)

Extra load labels are great for keeping your reloaded ammo separated by gun and by load. The foam liner material can be cut to size and put into the lid of your boxes to keep loaded ammo from shaking around and rattling. Protects your bullet points.

AMMO BOX FOAM LINER Safety Instruction Guide

Introduction

Thank you for choosing the AMMO BOX FOAM LINER. This product is designed to enhance the safety and organization of your reloaded ammunition. It is essential to follow the safety guidelines outlined in this document to ensure safe usage and compliance with the EU General Product Safety Regulation (GPSR).

General Safety Guidelines

- Always handle ammunition with care and follow standard safety practices when using firearms.
- Ensure that the foam liner is installed correctly to prevent any movement of ammunition within the box.
- Keep the foam liner and ammunition out of reach of children and vulnerable individuals.
- Regularly check the condition of the foam liner for wear and tear; replace it if damaged.
- Report any unsafe products or incidents to the relevant authorities.
- Stay informed about product recalls by checking the EU Safety Gate platform.

Specific Safety Precautions for Use

- Use the foam liner only with compatible ammo boxes as specified by the manufacturer.
- Do not use the foam liner if it shows signs of damage or degradation.
- Avoid exposure of the foam liner to extreme temperatures or moisture, which may affect its integrity.
- Ensure that the foam liner is securely placed in the lid of the ammo box to prevent accidental dislodging.
- Follow all local laws and regulations regarding the storage and handling of ammunition.

Instructions for Installation and Usage

1. Cutting the Foam Liner:

- Measure the interior dimensions of your ammo box lid.
- Using a sharp utility knife, carefully cut the foam liner to fit the measured dimensions.

2. Placing the Foam Liner:

- Position the cut foam liner inside the lid of the ammo box.
- Ensure that it fits snugly without gaps to prevent ammunition from shifting.

3. Loading Ammunition:

- Place your reloaded ammunition on the foam liner.
- Ensure that the bullet points are protected by the foam and that the ammunition is securely positioned.

4. Closing the Ammo Box:

- Close the ammo box securely after loading to prevent any movement of the ammunition during transport.

5. Regular Maintenance:

- Periodically check the foam liner for any signs of wear, and replace it if necessary.
- Clean the foam liner with a damp cloth to remove any dust or debris.

Disposal Instructions

- Dispose of any damaged or worn foam liners in accordance with local waste disposal regulations.
- Do not incinerate the foam liner, as it may release harmful substances.
- If you are unsure about disposal methods, consult your local waste management authority.

Contact Information for Further Support

For any inquiries or additional support regarding the AMMO BOX FOAM LINER, please refer to the contact details provided by the manufacturer or retailer.

Thank you for your attention to these safety instructions. Your safety is our priority, and we hope you enjoy using the AMMO BOX FOAM LINER responsibly.
