

# BORE MOPS - DEWEY 40-45 CALIBER 8-32M BORE MOP

[Gun Cleaning & Chemicals](#) > [Patches & Mops](#) > [Bore Mops](#)

Our bore mops are 100% cotton with solid brass twists and cores. These mops are used to apply solvents or rust preventative agents to the bore. They can also be used to remove excess solvents in lieu of using several patches. We clean our mops and reuse them several times. The larger sizes are great for cleaning chambers.

The locking lug area on most bolt action rifles has a tendency to collect brass chips from cases, brush bristles, primer residue, bolt lug grease, and solvents. This accumulation of debris can wear heavily on your bolt lugs. Our lug recess tool should be used routinely by every rifle owner to clean this neglected and hard to reach area. Lug Recess Tool - Specifically for cleaning the locking lug recess area. Use with felts or cotton rolls. Chamber Swab and Handle - For cleaning and drying the chamber. 8-32 threads for large bore mops. Bolt Brush - Double headed brush to scrub the bolt lugs, bolt face, and bolt body. The lug recess tool has a slotted head that accepts cleaning felts and cotton rolls (supplied with the tool). This tool is inserted into the action and rotated inside the lug recess areas. Solvent can be applied to the felts or cotton to remove debris. A dry felt or cotton roll can then be used to dry the area out. The chamber can then be wiped out with the swab handle and mop. The bolt should be sprayed down with a degreaser and scrubbed with the double-headed brush. Be sure to apply new grease to the bolt on the bearing surfaces of the bolt. The bolt shroud should also be routinely cleaned and re-greased. The Lug Recess Tool and Swab Handle are both made of stainless steel for a lifetime of use and can be purchased individually.

## Attributes

- Name: [DEWEY 40-45 CALIBER 8-32M BORE MOP](#)
- Manufacturer: [DEWEY](#)
- Product no.: 749000169
- Mfr. No.: M-45
- Caliber: 45 Caliber (.451-.454), 40/10 mm (.400-.401), 416 Caliber (.416)
- Delivery weight: 0.032kg
- Shipping height: 10mm
- Shipping width: 13mm
- Shipping length: 89mm
- UPC: 608060402088

# BORE MOPS DEWEY 4045 CALIBER 832M BORE MOP Safety Instruction Guide

## Introduction

Thank you for choosing the BORE MOPS DEWEY 4045 CALIBER 832M BORE MOP. This guide provides important safety information and usage instructions to ensure the safe and effective use of this product. Please read this guide carefully before using the bore mop.

## General Safety Guidelines

- Ensure that the bore mop is suitable for the specific caliber of firearm you are using.
- Use the product only for its intended purpose, which is to clean the locking lug recess area, chamber, and bolt of firearms.
- Keep the bore mop and associated tools out of reach of children and pets to prevent accidental ingestion or misuse.
- Always inspect the bore mop and tools for any signs of wear or damage before use. Do not use if damaged.
- Store the bore mop in a cool, dry place away from direct sunlight and moisture.
- Follow all local laws and regulations regarding the cleaning and maintenance of firearms.

## Specific Safety Precautions for Use

- When applying solvents, wear gloves and eye protection to prevent skin and eye irritation.
- Use in a wellventilated area to avoid inhaling fumes from solvents and cleaning agents.
- Avoid using the bore mop with flammable substances. Follow the manufacturer's safety data sheets for solvents and cleaning agents.
- Do not use the bore mop as a tool for anything other than cleaning firearm bores and associated parts.
- Dispose of used solvents and cleaning agents in accordance with local regulations.
- Be cautious of sharp edges on tools and cleaning materials.

## Instructions for Installation and Usage

### 1. Preparation:

- Ensure the firearm is unloaded and pointed in a safe direction.
- Gather all necessary materials, including the bore mop, lug recess tool, chamber swab and handle, cleaning solvents, and protective gear.

### 2. Using the Lug Recess Tool:

- Insert the lug recess tool into the action of the firearm.
- Rotate the tool inside the lug recess areas to clean out debris, using cleaning felts or cotton rolls as needed.
- Apply solvent to the felts or cotton to aid in debris removal. A dry felt or cotton roll can then be used to dry the area out.

### 3. Cleaning the Chamber:

- Attach the chamber swab to the handle.
- Insert the swab into the chamber and wipe it out thoroughly.
- Ensure that the chamber is clean and free of debris before reassembling the firearm.

#### 4. Cleaning the Bolt:

- Spray the bolt down with a degreaser.
- Use the doubleheaded bolt brush to scrub the bolt lugs, bolt face, and bolt body.
- Ensure that all grease and debris are removed from the bolt surfaces.

#### 5. Reapplying Grease:

- After cleaning, apply new grease to the bearing surfaces of the bolt.
- Ensure the bolt shroud is also cleaned and regreased as necessary.

#### 6. Reusing the Bore Mop and Tools:

- Clean the bore mop and tools after each use by rinsing them with water or the appropriate solvent.
- Allow them to dry completely before storage.

## Disposal Instructions

- Dispose of used bore mops and cleaning materials in accordance with local waste disposal regulations.
- Do not dispose of bore mops in regular household waste if they have been contaminated with hazardous materials.
- Check local guidelines for the disposal of solvents and cleaning agents to ensure compliance.

## Contact Information for Further Support

For any safety inquiries or concerns regarding the BORE MOPS DEWEY 4045 CALIBER 832M BORE MOP, please refer to the manufacturer's contact details provided with the product packaging.

By following these safety instructions, you can ensure a safe and effective experience with your bore mop. Always prioritize safety and take the necessary precautions when handling firearms and cleaning supplies.
