# Safety Instructions Guide for PROTECTIVE TUBES SINCLAIR INTERNATIONAL

## Introduction

Thank you for choosing the PROTECTIVE TUBES SINCLAIR INTERNATIONAL 1/2" X 15" PROTECTIVE TUBE (LARGE ROD GUIDES). These tubes are designed for safely storing small parts, dummy rounds, case or bullet samples, and small tools. This safety instruction guide provides essential information to ensure safe usage and compliance with the EU General Product Safety Regulation (GPSR).

## General Safety Guidelines

- Ensure that the protective tubes are used only for their intended purpose.
- Regularly inspect the tubes for any signs of damage or wear before use.
- Store the tubes in a cool, dry place away from direct sunlight to maintain their integrity.
- Keep the tubes out of reach of children and vulnerable individuals to prevent accidental injury.
- In case of any accidents or unsafe products, report them to the relevant authorities.

## Specific Safety Precautions for Use

- Avoid using the tubes for storing hazardous materials or substances.
- Do not exceed the recommended capacity of the tubes to prevent breakage.
- Handle the tubes with care to avoid dropping or damaging them.
- Ensure that the polyethylene cap is securely fastened when the tubes are in use to protect the contents.
- Be cautious when collapsing or expanding the tubes to avoid pinching fingers or causing injury.

## Instructions for Installation and Usage

### 1. Unpacking the Tubes

- Carefully remove the tubes from their packaging.
- Check for any visible damage or defects before use.

### 2. Collapsing and Expanding the Tubes

- To collapse the tube, gently push down on the top section until it reaches three inches.
- To expand the tube, pull the top section up until it reaches five and one half inches.
- Ensure the tube is stable and securely positioned during this process.

### 3. Storing Items

- Place small parts, dummy rounds, or tools inside the tube.
- Ensure that the items are not overstuffed to maintain the integrity of the tube.
- Securely fasten the polyethylene cap after placing items inside to prevent loss or contamination.

### 4. Cleaning and Maintenance

- Clean the tubes with a damp cloth and mild detergent if necessary.
- Avoid using abrasive cleaners that may scratch or damage the acrylic surface.

## Disposal Instructions

- Dispose of the protective tubes in accordance with local regulations.

- If the tubes are damaged or no longer usable, consider recycling the materials where possible.
- Do not dispose of the tubes in regular household waste if they can be recycled.

## **Contact Information for Further Support**

For any safety inquiries or concerns regarding the PROTECTIVE TUBES SINCLAIR INTERNATIONAL, please reach out to the designated contact point in your EU country.

Thank you for your attention to these safety instructions. By following these guidelines, you can ensure a safe and effective experience with your protective tubes.
