

# **ACTION CLEANING TOOL KIT - SINCLAIR INTERNATIONAL ACTION CLEANING TOOL FELT, 5 PACK**

[Gun Cleaning & Chemicals](#) > [Cleaning Kits](#) > [Rifle Cleaning Kits](#)

The locking lug area on most bolt action rifles has a tendency to collect brass chips from cases, brush bristles, primer residue, bolt lug grease, and solvents. This accumulation of debris can wear heavily on your bolt lugs. Our lug recess tool should be used routinely by every rifle owner to clean this neglected and hard to reach area. Lug Recess Tool - Specifically for cleaning the locking lug recess area. Use with felts or cotton rolls. Chamber Swab and Handle - For cleaning and drying the chamber. 8-32 threads for large bore mops. Bolt Brush - Double headed brush to scrub the bolt lugs, bolt face, and bolt body. The lug recess tool has a slotted head that accepts cleaning felts and cotton rolls (supplied with the tool). This tool is inserted into the action and rotated inside the lug recess areas. Solvent can be applied to the felts or cotton to remove debris. A dry felt or cotton roll can then be used to dry the area out. The chamber can then be wiped out with the swab handle and mop. The bolt should be sprayed down with a degreaser and scrubbed with the double-headed brush. Be sure to apply new grease to the bolt on the bearing surfaces of the bolt. The bolt shroud should also be routinely cleaned and re-greased. The Lug Recess Tool and Swab Handle are both made of stainless steel for a lifetime of use and can be purchased individually.

## **Attributes**

- Name: [SINCLAIR INTERNATIONAL ACTION CLEANING TOOL FELT, 5 PACK](#)
- Manufacturer: [SINCLAIR INTERNATIONAL](#)
- Product no.: 749000179
- Mfr. No.: ACT3
- Quantity: 5
- Delivery weight: 0.032kg
- Shipping width: 83mm
- Shipping length: 146mm

# ACTION CLEANING TOOL KIT SAFETY INSTRUCTION GUIDE

## Introduction

Thank you for choosing the ACTION CLEANING TOOL KIT by Sinclair International. This guide provides essential safety instructions and usage guidelines to ensure safe and effective operation of the cleaning tools included in this kit. Please read this guide thoroughly before using the product.

## General Safety Guidelines

- Ensure that you are familiar with the operation of your bolt action rifle before using this cleaning kit.
- Always handle your firearm safely and responsibly. Treat every firearm as if it is loaded.
- Keep the cleaning tools out of reach of children and pets to prevent accidental injury.
- Inspect all tools for damage before use. Do not use any tool that appears to be damaged or defective.
- Use the cleaning tools in a wellventilated area to avoid inhaling solvent fumes.
- Wear safety glasses to protect your eyes from debris and solvents during cleaning.
- Do not use the cleaning tools for any purpose other than their intended use.

## Specific Safety Precautions for Use

- **Lug Recess Tool:**
  - Ensure that the tool is securely attached to the cleaning felt or cotton roll before use.
  - Use gentle pressure to avoid damaging the locking lug area.
- **Chamber Swab and Handle:**
  - Do not force the swab into the chamber. It should fit snugly but not require excessive force.
- **Bolt Brush:**
  - Use the brush with care to avoid scratching the bolt surfaces.
  - Clean the brush after each use to prevent the transfer of debris.
- **Solvents and Lubricants:**
  - Read and follow the safety instructions on all cleaning solvents and lubricants.
  - Store solvents in a cool, dry place away from direct sunlight and heat sources.

## Instructions for Installation and Usage

### 1. Cleaning the Lug Recess Area:

- Insert the Lug Recess Tool with the attached cleaning felt or cotton roll into the action.
- Rotate the tool gently within the lug recess areas to remove debris.
- Apply solvent to the felt or cotton roll as needed to aid in cleaning.
- Use a dry felt or cotton roll to remove excess moisture.

### 2. Cleaning the Chamber:

- Attach the Chamber Swab to the handle.
- Insert the swab into the chamber and gently wipe the interior surfaces.
- Use the mop to ensure the chamber is completely dry.

### 3. Cleaning the Bolt:

- Spray the bolt with a degreaser and allow it to sit for a few minutes.
- Use the Bolt Brush to scrub the bolt lugs, bolt face, and bolt body.
- Rinse the bolt with clean solvent and dry thoroughly.

#### 4. Regreasing:

- After cleaning, apply a thin layer of grease to the bearing surfaces of the bolt.
- Clean and regrease the bolt shroud regularly to ensure optimal performance.

## Disposal Instructions

- Dispose of used cleaning felts, cotton rolls, and any contaminated materials in accordance with local regulations.
- Do not dispose of solvents or lubricants in household waste. Follow local guidelines for hazardous waste disposal.

## Contact Information for Further Support

For any inquiries regarding safety or product use, please refer to the manufacturer's contact information provided with the product.

By following these safety instructions and guidelines, you can ensure the safe and effective use of the ACTION CLEANING TOOL KIT. Thank you for your attention to safety and responsible firearm maintenance.
