

# **ACTION CLEANING TOOL KIT - SINCLAIR INTERNATIONAL ACTION CLEANING TOOL COTTON ROLLS, 50 PACK**

[Gun Cleaning & Chemicals](#) > [Cleaning Kits](#) > [Rifle Cleaning Kits](#)

The locking lug area on most bolt action rifles has a tendency to collect brass chips from cases, brush bristles, primer residue, bolt lug grease, and solvents. This accumulation of debris can wear heavily on your bolt lugs. Our lug recess tool should be used routinely by every rifle owner to clean this neglected and hard to reach area. Lug Recess Tool - Specifically for cleaning the locking lug recess area. Use with felts or cotton rolls. Chamber Swab and Handle - For cleaning and drying the chamber. 8-32 threads for large bore mops. Bolt Brush - Double headed brush to scrub the bolt lugs, bolt face, and bolt body. The lug recess tool has a slotted head that accepts cleaning felts and cotton rolls (supplied with the tool). This tool is inserted into the action and rotated inside the lug recess areas. Solvent can be applied to the felts or cotton to remove debris. A dry felt or cotton roll can then be used to dry the area out. The chamber can then be wiped out with the swab handle and mop. The bolt should be sprayed down with a degreaser and scrubbed with the double-headed brush. Be sure to apply new grease to the bolt on the bearing surfaces of the bolt. The bolt shroud should also be routinely cleaned and re-greased. The Lug Recess Tool and Swab Handle are both made of stainless steel for a lifetime of use and can be purchased individually.

## **Attributes**

- Name: [SINCLAIR INTERNATIONAL ACTION CLEANING TOOL COTTON ROLLS, 50 PACK](#)
- Manufacturer: [SINCLAIR INTERNATIONAL](#)
- Product no.: 749000185
- Mfr. No.: 8969286
- Delivery weight: 0.032kg
- Shipping height: 41mm
- Shipping width: 71mm
- Shipping length: 69mm

# **ACTION CLEANING TOOL KIT SAFETY INSTRUCTIONS**

## **Introduction**

Thank you for choosing the ACTION CLEANING TOOL KIT by Sinclair International. This kit is designed for the maintenance and cleaning of bolt action rifles. Proper use and care of this product will ensure the longevity of your rifle and enhance its performance. Please read and follow these safety instructions carefully to ensure safe and effective use of the cleaning tools.

## **General Safety Guidelines**

- Ensure that the cleaning tools are used in a wellventilated area to avoid inhalation of any solvents or debris.
- Always handle cleaning tools with care to prevent injury.
- Keep cleaning tools out of reach of children and vulnerable individuals.
- Inspect all tools for damage before use. Do not use damaged tools.
- Follow all manufacturer instructions and guidelines for safe use.
- Be aware of your surroundings when cleaning your rifle to avoid accidents.

## **Specific Safety Precautions for Use**

### **• Lug Recess Tool:**

- Use only as intended for cleaning the locking lug recess area.
- Ensure that the tool is securely attached to the cleaning felts or cotton rolls before use.
- Avoid excessive force when inserting or rotating the tool to prevent damage to the rifle.

### **• Chamber Swab and Handle:**

- Use with caution; ensure that the chamber is clear before cleaning.
- Do not leave the swab in the chamber unattended to prevent obstruction.

### **• Bolt Brush:**

- Use the doubleheaded brush gently to avoid scratching the bolt surfaces.
- Ensure that the brush is clean before use to prevent contamination.

### **• Solvents and Grease:**

- Always use solvents and grease in accordance with the manufacturer's instructions.
- Store solvents and grease in a cool, dry place away from direct sunlight and heat sources.
- Avoid skin contact with solvents; use gloves if necessary.

### **• General Maintenance:**

- Regularly clean and maintain all tools, including the Lug Recess Tool and Swab Handle, to ensure optimal performance.
- Apply new grease to the bolt on the bearing surfaces after cleaning.

## **Instructions for Installation and Usage**

### **1. Preparing for Use:**

- Gather all necessary tools from the ACTION CLEANING TOOL KIT.
- Ensure that your rifle is unloaded and in a safe condition before beginning any cleaning procedure.

## **2. Using the Lug Recess Tool:**

- Attach a cleaning felt or cotton roll to the slotted head of the Lug Recess Tool.
- Insert the tool into the action and rotate it gently within the lug recess areas.
- Apply solvent to the felt or cotton roll to aid in debris removal.
- After cleaning, use a dry felt or cotton roll to remove excess moisture.

## **3. Cleaning the Chamber:**

- Use the Chamber Swab and Handle to clean the chamber area.
- Insert the swab into the chamber and rotate gently to clean.
- Ensure that the chamber is completely dry after cleaning.

## **4. Using the Bolt Brush:**

- Use the Bolt Brush to scrub the bolt lugs, bolt face, and bolt body.
- Apply a degreaser to the bolt before scrubbing to remove grease and debris.
- Rinse the brush after use to keep it clean for future applications.

## **5. Final Steps:**

- After cleaning, ensure that all parts are dry and free of solvent or grease.
- Regrease the bolt on the bearing surfaces as needed.
- Clean the bolt shroud routinely to maintain optimal performance.

## **Disposal Instructions**

- Dispose of used cleaning felts, cotton rolls, and any other waste materials in accordance with local regulations.
- Do not dispose of solvents or chemicals in regular waste. Follow local guidelines for hazardous waste disposal.
- Ensure all cleaning tools are stored properly after use to prevent damage.

## **Contact Information for Further Support**

For any inquiries or safety concerns regarding the ACTION CLEANING TOOL KIT, please refer to the manufacturer's contact information provided with the product packaging. It is essential to reach out for assistance if you have questions about the safe use of this product.

By following these safety instructions, you can ensure a safe and effective cleaning process for your bolt action rifle. Thank you for your attention to these important safety guidelines.
