

# **ACTION CLEANING TOOL KIT - SINCLAIR INTERNATIONAL ACTION CLEANING TOOL NEW STYLE ACT HANDLE**

[Gun Cleaning & Chemicals](#) > [Cleaning Kits](#) > [Rifle Cleaning Kits](#)

The locking lug area on most bolt action rifles has a tendency to collect brass chips from cases, brush bristles, primer residue, bolt lug grease, and solvents. This accumulation of debris can wear heavily on your bolt lugs. Our lug recess tool should be used routinely by every rifle owner to clean this neglected and hard to reach area. Lug Recess Tool - Specifically for cleaning the locking lug recess area. Use with felts or cotton rolls. Chamber Swab and Handle - For cleaning and drying the chamber. 8-32 threads for large bore mops. Bolt Brush - Double headed brush to scrub the bolt lugs, bolt face, and bolt body. The lug recess tool has a slotted head that accepts cleaning felts and cotton rolls (supplied with the tool). This tool is inserted into the action and rotated inside the lug recess areas. Solvent can be applied to the felts or cotton to remove debris. A dry felt or cotton roll can then be used to dry the area out. The chamber can then be wiped out with the swab handle and mop. The bolt should be sprayed down with a degreaser and scrubbed with the double-headed brush. Be sure to apply new grease to the bolt on the bearing surfaces of the bolt. The bolt shroud should also be routinely cleaned and re-greased. The Lug Recess Tool and Swab Handle are both made of stainless steel for a lifetime of use and can be purchased individually.

## **Attributes**

- Name: [SINCLAIR INTERNATIONAL ACTION CLEANING TOOL NEW STYLE ACT HANDLE](#)
- Manufacturer: [SINCLAIR INTERNATIONAL](#)
- Product no.: 749000222
- Mfr. No.: ACT6
- Delivery weight: 0.036kg
- Shipping height: 13mm
- Shipping width: 102mm
- Shipping length: 152mm

# **ACTION CLEANING TOOL KIT SINCLAIR INTERNATIONAL NEW STYLE ACT HANDLE Safety Instruction Guide**

## **Introduction**

Thank you for choosing the ACTION CLEANING TOOL KIT by Sinclair International. This guide provides essential safety instructions and guidelines to ensure the safe and effective use of the product. Please read this manual carefully before using the tool kit to prevent any accidents or injuries.

## **General Safety Guidelines**

- Always use the tool kit as intended and according to the manufacturer's instructions.
- Keep the tool kit out of reach of children and vulnerable individuals.
- Inspect all tools for damage before use. Do not use damaged tools.
- Ensure your work area is clean and welllit to avoid accidents.
- Wear appropriate personal protective equipment (PPE), such as safety glasses and gloves, while using the tool kit.
- Be cautious when handling solvents and cleaning agents. Follow the manufacturer's safety instructions for these materials.
- Dispose of any waste materials, including cleaning felts and cotton rolls, in accordance with local regulations.

## **Specific Safety Precautions for Use**

### **• Lug Recess Tool:**

- Use this tool only for its intended purpose of cleaning the locking lug recess area.
- Ensure the tool is securely attached to the cleaning felts or cotton rolls before inserting it into the action.
- Avoid excessive force when rotating the tool to prevent damage to the bolt lugs.

### **• Chamber Swab and Handle:**

- Use only with compatible mops. Ensure the threads are securely fastened.
- Do not force the swab into the chamber; it should fit comfortably.

### **• Bolt Brush:**

- Use the doubleheaded brush gently to avoid scratching the bolt surfaces.
- Clean the brush after each use to prevent crosscontamination of debris.

### **• Solvents and Cleaning Agents:**

- Always work in a wellventilated area when using solvents.
- Avoid skin contact with solvents. If contact occurs, wash the affected area immediately with soap and water.

## **Instructions for Installation and Usage**

### **1. Preparation:**

- Gather all necessary tools from the kit.
- Ensure the rifle is unloaded and in a safe position before beginning any cleaning.

## **2. Using the Lug Recess Tool:**

- Attach a cleaning felt or cotton roll to the slotted head of the lug recess tool.
- Insert the tool into the action and gently rotate it within the lug recess areas.
- Apply solvent to the felt or cotton roll as needed to assist in debris removal.
- Use a dry felt or cotton roll to remove excess moisture.

## **3. Cleaning the Chamber:**

- Attach a mop to the chamber swab handle.
- Insert the mop into the chamber and rotate gently to clean and dry the area.
- Ensure that all debris is removed before proceeding.

## **4. Cleaning the Bolt:**

- Spray the bolt with a degreaser and allow it to sit for a few moments.
- Use the doubleheaded brush to scrub the bolt lugs, bolt face, and bolt body.
- After cleaning, apply new grease to the bearing surfaces of the bolt.

## **5. Final Steps:**

- Clean the bolt shroud and re grease it as part of routine maintenance.
- Store the tool kit in a safe, dry place after use.

## **Disposal Instructions**

- Dispose of used cleaning felts, cotton rolls, and any other waste materials in accordance with local environmental regulations.
- Do not dispose of solvents or cleaning agents down the drain. Follow local guidelines for hazardous waste disposal.

## **Contact Information for Further Support**

For any questions or concerns regarding the ACTION CLEANING TOOL KIT, please refer to the manufacturer's contact information, which is available on the product packaging or the manufacturer's website. Always ensure you are using the most up to date safety information and guidelines.

Thank you for your attention to these safety instructions. Your safety and satisfaction are our top priorities. Enjoy using your ACTION CLEANING TOOL KIT!
