

COMPETITION SHELLHOLDER SETS - COMPETITION SHELLHOLDER BOX ONLY

[Reloading](#) > [Shellholders & Shellplates](#)

Redding's five piece shellholder set is designed so you can adjust your headspace by selecting the appropriate thickness Redding shellholder. The five shellholders are $+.002"$, $+.004"$, $+.006"$, $+.008"$, and $+.010"$ thicker than normal shellholders ($.125"$ from the bottom of the case head cut to the top of the shellholder). Each shellholder is clearly marked and has a black oxide finish to distinguish them from normal shellholders. Comes packaged in a 6 position storage box leaving an empty space for your regular shellholder. View Redding Shellholder Chart.

Safety Instruction Guide for Competition Shellholder Sets

Introduction

Thank you for choosing the Competition Shellholder Sets by Redding. This guide provides important safety information, usage instructions, and disposal guidelines to ensure your safety and the proper functionality of the product. Please read this guide thoroughly before use.

General Safety Guidelines

- Ensure that all users are aware of and understand the safety guidelines associated with the use of this product.
- Always handle the shellholders with care to avoid injury.
- Store the shellholder set in a secure location, out of reach of children and vulnerable individuals.
- Regularly inspect the shellholders for any signs of wear or damage before each use.
- If you notice any defects or irregularities, do not use the product and contact the manufacturer for assistance.

Specific Safety Precautions for Use

- Use the shellholders only for their intended purpose as described in the product specifications.
- Avoid using excessive force when adjusting or installing the shellholders to prevent damage or injury.
- Wear appropriate personal protective equipment (PPE), such as safety glasses and gloves, when handling the shellholders.
- Ensure that your workspace is clean and free from hazards before using the shellholders.
- Do not modify the shellholders in any way, as this may compromise their safety and functionality.

Instructions for Installation and Usage

1. Selecting the Correct Shellholder:

- Choose the appropriate shellholder based on the thickness required for your specific application. The available thicknesses are:
 - $+0.002''$
 - $+0.004''$
 - $+0.006''$
 - $+0.008''$
 - $+0.010''$

2. Installation:

- Ensure that your reloading press is turned off and disconnected from any power source.
- Carefully insert the selected shellholder into the reloading press according to the manufacturer's instructions.
- Ensure that the shellholder is securely in place before proceeding with any reloading activities.

3. Usage:

- Follow the reloading press instructions for adjusting headspace using the selected shellholder.
- After use, clean the shellholders to remove any debris or residue, and store them in the provided storage box.

Disposal Instructions

- Dispose of any damaged or worn shellholders in accordance with local regulations for hazardous waste.
- If you are unsure about disposal methods, contact your local waste management authority for guidance.
- Do not dispose of shellholders in regular household waste.

Contact Information for Further Support

For any safety inquiries or additional support, please refer to the contact information provided with your product packaging. It is important to have access to assistance should you have questions or concerns regarding the safety and use of your Competition Shellholder Sets.

Thank you for prioritizing safety and following these guidelines. Enjoy your reloading experience with the Competition Shellholder Sets by Redding.
