

LOAD LABELS 50

[Shooting Accessories](#) > [Ammunition Storage](#) > [Ammo Box Accessories](#)

Reload labels help you keep track of what load you have in each ammo box. The size of these labels fit the .38 caliber ammo boxes and everything bigger. 50 load labels come per pack along with 48 small color coded labels for the outside of your boxes. These color labels can help you organize your reloading room. Each load label has a space for caliber, powder, bullet, weights, primers, times loaded, date, and notes etc.

LOAD LABELS Safety Instruction Guide

Introduction

Thank you for choosing the LOAD LABELS 50. These labels are designed to help you keep track of your ammunition loads effectively. This guide provides essential safety instructions to ensure safe and proper use of the product, in compliance with the EU General Product Safety Regulation (GPSR).

General Safety Guidelines

- Always ensure that the labels are used in a safe environment, away from children and pets.
- Inspect the labels for any damage or defects before use. Do not use damaged labels.
- Keep the product away from moisture and extreme temperatures to maintain label integrity.
- Properly store the labels in a cool, dry place, away from direct sunlight.
- Follow all local regulations regarding ammunition labeling and storage.

Specific Safety Precautions for Use

- Ensure that the labels are securely attached to the ammo boxes to prevent them from falling off.
- Do not use the labels for any purpose other than labeling ammo boxes.
- Avoid using the labels on surfaces that may be damaged by adhesive.
- If you experience any allergic reactions to the adhesive or material of the labels, discontinue use immediately.
- Keep the small colorcoded labels out of reach of young children as they may pose a choking hazard.

Instructions for Installation and Usage

1. Preparation:

- Ensure the surface of the ammo box is clean and dry before applying the labels.

2. Applying Load Labels:

- Choose the appropriate load label for your specific caliber.
- Write the relevant information (caliber, powder, bullet, weights, primers, times loaded, date, and notes) clearly on the label.
- Peel off the backing of the label and carefully apply it to the designated area on the ammo box, ensuring there are no air bubbles.

3. Applying ColorCoded Labels:

- Select the colorcoded label that corresponds to your organizational system.
- Write any necessary information on the colorcoded label.
- Attach it to the outside of the ammo box for easy identification.

4. Organizing Your Reloading Room:

- Use the colorcoded labels to categorize your ammo boxes based on caliber, type, or any other system that suits your needs.
- Regularly check and update the information on the labels as needed.

Disposal Instructions

- Dispose of any unused or damaged labels in accordance with local waste disposal regulations.

- Do not dispose of labels in a manner that could harm the environment.
- If the labels are made of plastic, check local guidelines for recycling options.

Contact Information for Further Support

For any inquiries regarding safety, usage, or other concerns related to the LOAD LABELS 50, please refer to the contact information provided on the packaging or visit the manufacturer's website.

By following these safety instructions, you can ensure the effective and safe use of your LOAD LABELS 50. Thank you for your attention to these guidelines, and enjoy your reloading experience!
