# Safety Instruction Guide for Redding Competition Neck Decapping Rods

## Introduction

Thank you for choosing the Redding Competition Neck Decapping Rods. This guide provides essential safety instructions and usage guidelines to ensure the safe and effective use of this product. Please read this guide carefully before use.

## General Safety Guidelines

- Ensure that the product is used only for its intended purpose as described in this guide.
- Keep the decapping rods out of reach of children and vulnerable individuals.
- Regularly inspect the decapping rods for any signs of damage or wear before each use.
- If you notice any damage, do not use the product and contact the manufacturer for advice.
- Follow all instructions provided in this guide to avoid potential hazards.

## Specific Safety Precautions for Use

- Always wear appropriate personal protective equipment (PPE), such as safety glasses, when handling the decapping rods.
- Use the decapping rods in a wellventilated area to avoid inhaling any particles generated during use.
- Do not exceed the recommended specifications for the decapping rods to prevent breakage or malfunction.
- Always ensure that the decapping rods are securely attached to the sizing die before use.
- Avoid using excessive force when decapping; this may lead to injury or damage to the product.

## Instructions for Installation and Usage

### 1. Installation

- Ensure that your workspace is clean and free from clutter.
- Carefully remove the decapping rod from its packaging.
- Align the decapping rod with the sizing die.
- Insert the decapping rod into the die until it is securely in place.
- Doublecheck that the rod is properly installed before proceeding to use.

### 2. Usage

- Place the cartridge case into the sizing die with the decapping rod properly aligned.
- Operate the reloading press according to the manufacturer's instructions.
- Monitor the decapping process to ensure that the rod functions correctly without excessive force.
- After decapping, remove the cartridge case from the die and inspect it for any damage.

## Disposal Instructions

- Dispose of any damaged or worn decapping rods in accordance with local regulations.
- Do not dispose of the product in regular household waste if it is considered hazardous.
- Check with local waste management authorities for proper disposal methods.

## **Contact Information for Further Support**

For any inquiries regarding safety or product performance, please refer to the contact information included in the product packaging or visit the manufacturer's official website.

Please ensure to follow these guidelines for a safe and effective experience with your Redding Competition Neck Decapping Rods. Thank you for your attention to safety.
