# Safety Instruction Guide for Redding Competition Neck Decapping Rod

## Introduction

Thank you for choosing the Redding Competition Neck Decapping Rod. This product is designed for use with Redding Competition Bushing Neck Sizing Dies and is compatible with the following cartridges: 223 Remington, 22250 Remington, and 6.8 mm Remington SPC. It is essential to follow these safety instructions to ensure safe and effective use of the product.

## General Safety Guidelines

- Ensure that the product is used only for its intended purpose.
- Always handle the decapping rod with care to avoid injury.
- Keep the product out of reach of children and vulnerable individuals.
- Regularly inspect the product for any signs of wear or damage before use.
- Follow all local laws and regulations regarding the use of reloading equipment.

## Specific Safety Precautions for Use

- Wear appropriate safety gear, including eye protection and gloves, when using the decapping rod.
- Ensure that the workspace is clean and free of obstructions to prevent accidents.
- Do not force the decapping rod if it does not fit properly; this may cause damage to the product or injury.
- Always follow the manufacturer's instructions for the operation of your reloading equipment.
- If you experience any difficulties while using the product, stop immediately and consult the instructions or seek assistance.

## Instructions for Installation and Usage

### 1. Installation:

- Ensure that your Redding Competition Bushing Neck Sizing Die is properly set up and secured.
- Carefully remove the existing decapping rod if applicable.
- Insert the Redding Competition Neck Decapping Rod into the die, ensuring it fits snugly.
- Tighten any retaining screws or components as per the manufacturer's instructions.

### 2. Usage:

- Prepare your cartridge cases as required for reloading.
- Place the cartridge case into the sizing die.
- Gently lower the ram on your reloading press to engage the decapping rod with the primer.
- Once the primer is removed, raise the ram to complete the decapping process.
- Inspect the cartridge case for any signs of damage or improper decapping.

## Disposal Instructions

- Dispose of any damaged or worn components in accordance with local regulations.
- Do not throw the decapping rod in regular household waste if it is damaged; check for specific disposal guidelines for metal and plastic components.
- Ensure that any used primers or hazardous materials are disposed of according to safety regulations.

## Contact Information for Further Support

For any questions or concerns regarding the use of the Redding Competition Neck Decapping Rod, please refer to the manufacturer's website or customer support for assistance. It is important to have a point of contact for safety inquiries as per EU regulations.

**Note:** Always stay informed about product recalls or safety alerts by checking the EU's Safety Gate platform. Report any unsafe products or accidents to the relevant authorities to help ensure consumer safety.
