

ACTION CLEANING TOOL KIT - SINCLAIR INTERNATIONAL ACTION CLEANING TOOL HEAD FOR KIMBER/SMALL SAKO

[Gun Cleaning & Chemicals](#) > [Cleaning Kits](#) > [Rifle Cleaning Kits](#)

The locking lug area on most bolt action rifles has a tendency to collect brass chips from cases, brush bristles, primer residue, bolt lug grease, and solvents. This accumulation of debris can wear heavily on your bolt lugs. Our lug recess tool should be used routinely by every rifle owner to clean this neglected and hard to reach area. Lug Recess Tool - Specifically for cleaning the locking lug recess area. Use with felts or cotton rolls. Chamber Swab and Handle - For cleaning and drying the chamber. 8-32 threads for large bore mops. Bolt Brush - Double headed brush to scrub the bolt lugs, bolt face, and bolt body. The lug recess tool has a slotted head that accepts cleaning felts and cotton rolls (supplied with the tool). This tool is inserted into the action and rotated inside the lug recess areas. Solvent can be applied to the felts or cotton to remove debris. A dry felt or cotton roll can then be used to dry the area out. The chamber can then be wiped out with the swab handle and mop. The bolt should be sprayed down with a degreaser and scrubbed with the double-headed brush. Be sure to apply new grease to the bolt on the bearing surfaces of the bolt. The bolt shroud should also be routinely cleaned and re-greased. The Lug Recess Tool and Swab Handle are both made of stainless steel for a lifetime of use and can be purchased individually.

Attributes

- Name: [SINCLAIR INTERNATIONAL ACTION CLEANING TOOL HEAD FOR KIMBER/SMALL SAKO](#)
- Manufacturer: [SINCLAIR INTERNATIONAL](#)
- Product no.: 749000729
- Mfr. No.: ACT5

ACTION CLEANING TOOL KIT

Consumer Safety Instruction Guide

Introduction

Thank you for choosing the ACTION CLEANING TOOL KIT by Sinclair International. This guide provides essential safety instructions and information for the proper use and maintenance of your cleaning tools. By following these guidelines, you can ensure safe operation and longevity of your products.

General Safety Guidelines

- Ensure that the cleaning tools are used for their intended purpose only.
- Keep all cleaning tools out of reach of children and vulnerable individuals.
- Inspect tools for any damage or wear before each use. Do not use damaged tools.
- Always wear appropriate personal protective equipment (PPE), such as gloves and safety glasses, when handling solvents and cleaning agents.
- Use the tools in a wellventilated area to avoid inhalation of fumes from solvents.
- Store tools in a dry place to prevent rust and deterioration.

Specific Safety Precautions for Use

- **Lug Recess Tool:**
 - Ensure the tool is securely inserted into the action before rotating.
 - Do not apply excessive force when cleaning to avoid damaging the lug recess area.
- **Chamber Swab and Handle:**
 - Use only with compatible mops and ensure they are clean before use.
 - Avoid soaking the swab in solvent; use sparingly to prevent drips and spills.
- **Bolt Brush:**
 - Use gentle pressure when scrubbing the bolt lugs and face to avoid scratching.
 - Clean the brush regularly to maintain its effectiveness.

Instructions for Installation and Usage

1. Lug Recess Tool:

- Insert the tool carefully into the action.
- Rotate the tool within the lug recess area to remove debris.
- Apply solvent to the felts or cotton rolls as needed.
- Follow up with a dry felt or cotton roll to remove excess moisture.

2. Chamber Swab and Handle:

- Attach the swab to the handle securely.
- Insert the swab into the chamber and wipe thoroughly.
- Replace the swab as needed to ensure cleanliness.

3. Bolt Brush:

- Use the doubleheaded brush to scrub the bolt lugs, face, and body.
- Apply a degreaser to the bolt before scrubbing.

- Rinse the brush after use to prevent contamination.

4. Regular Maintenance:

- Apply new grease to the bolt on bearing surfaces after cleaning.
- Clean the bolt shroud and regrease it as part of routine maintenance.

Disposal Instructions

- Dispose of used felts, cotton rolls, and any cleaning materials according to local regulations.
- Do not dispose of solvents or cleaning agents in regular trash. Follow local hazardous waste disposal guidelines.

Contact Information for Further Support

For any safety inquiries or additional support regarding the ACTION CLEANING TOOL KIT, please contact your local Sinclair International representative or visit our website for more information.

Conclusion

By adhering to these safety guidelines and instructions, you can ensure the safe and effective use of your ACTION CLEANING TOOL KIT. Thank you for prioritizing safety and maintenance in your cleaning practices.
