

# SINCLAIR SOLVENT PORTS - SINCLAIR INTERNATIONAL SINCLAIR SOLVENT PORT FOR 338 CALIBER TO 8MM

[Gun Cleaning & Chemicals](#) > [Cleaning Rods & Accessories](#) > [Cleaning Rod Guides](#)

Sinclair solvent ports permit the user to apply solvent to a brush, patch, or mop without getting it all over the rifle or their work area. Our solvent ports plug into the end of your Sinclair cleaning rod guides and seal with a silicone O-ring. Each solvent port has an opening where you can apply solvent directly onto the cleaning implement being used. One size port for .17 caliber thru 6.5 mm rod guides, a second size for .270 caliber up to .30 caliber and a third size for 8mm and 338 caliber. These solvent ports will fit all Sinclair Rod Guides except for RG4A54 and RG4A5417 rimfire guides.

# Safety Instruction Guide for Sinclair Solvent Ports

## Introduction

Thank you for choosing the Sinclair Solvent Ports. These ports are designed to allow you to apply solvent to your cleaning tools while minimizing mess and ensuring safe use. This guide provides important safety information and instructions to help you use the product effectively and responsibly.

## General Safety Guidelines

- Ensure that the product is used in accordance with the manufacturer's instructions.
- Keep the solvent ports out of reach of children and vulnerable individuals.
- Always use the solvent ports in a wellventilated area to avoid inhaling fumes.
- Check the solvent ports for damage before each use. Do not use if damaged.
- Store the solvent ports in a cool, dry place away from direct sunlight.
- Dispose of any unused solvents and cleaning materials according to local regulations.

## Specific Safety Precautions for Use

### • Hazard Identification:

- The solvents used with the ports may be flammable. Keep away from open flames and heat sources.
- Some solvents may cause skin irritation. Wear gloves if necessary.
- Avoid contact with eyes. In case of contact, rinse thoroughly with water and seek medical attention if irritation persists.

### • Usage Precautions:

- Do not overfill the solvent port to prevent spills.
- Use only the recommended solvents for your cleaning tasks.
- Ensure the solvent port is securely attached to the cleaning rod guide before use.

## Instructions for Installation and Usage

### 1. Installation:

- Select the appropriate solvent port size for your cleaning rod guide:
  - One size for .17 caliber through 6.5 mm rod guides.
  - A second size for .270 caliber up to .30 caliber.
  - A third size for 8mm and 338 caliber.
- Insert the solvent port into the end of your Sinclair cleaning rod guide.
- Ensure the silicone Oring creates a tight seal to prevent leaks.

### 2. Usage:

- Before applying solvent, ensure that the cleaning implement (brush, patch, or mop) is properly attached to the cleaning rod.
- Apply solvent directly onto the cleaning implement through the opening in the solvent port.
- After use, clean the solvent port to prevent any buildup of solvent residue.

## Disposal Instructions

- Dispose of any used solvents in accordance with local hazardous waste disposal regulations.
- Clean and store the solvent ports after each use to prolong their lifespan.
- If the solvent ports are damaged or no longer usable, dispose of them responsibly in accordance with local guidelines.

## Contact Information for Further Support

For any inquiries or concerns regarding the Sinclair Solvent Ports, please refer to the manufacturer's contact information provided with your product packaging or visit the official website.

Thank you for following these safety guidelines. Your safety and satisfaction are our top priorities. Enjoy using your Sinclair Solvent Ports responsibly!
