

M1/M1A Chamber Brushes - DEWEY M-1 GARAND 30-06 CHAMBER BRUSH

[Gun Cleaning & Chemicals](#) > [Cleaning Rods & Accessories](#) > [Cleaning Tools](#)

These chamber cleaning brushes are designed to remove the burnt powder fouling which forms in the chamber of M1A, M14 rifles and M1 Garand rifles. Easy to use, apply solvent to the brush, push the brush into the chamber, close the bolt on the back of the brush, and rotate the brush with a punch or screwdriver in the ratchet holes of the brush. Pull back while ratcheting the brush to remove it.

Safety Instruction Guide for M1/M1A Chamber Brushes

Introduction

Thank you for purchasing the M1/M1A Chamber Brushes by DEWEY. These brushes are specifically designed to clean the chambers of M1A, M14, and M1 Garand rifles. This guide provides essential safety instructions and usage information to ensure safe and effective operation.

General Safety Guidelines

- Ensure that the chamber brush is used only for its intended purpose.
- Always handle the brush with care to avoid injury.
- Keep the brush and any solvents out of reach of children.
- Use personal protective equipment (PPE) such as gloves and safety glasses when handling solvents and cleaning tools.
- Do not use the brush if it appears damaged or worn.
- Follow all local laws and regulations regarding firearm maintenance and cleaning.

Specific Safety Precautions for Use

- Always ensure that the firearm is unloaded before cleaning.
- Do not apply excessive force when using the chamber brush to prevent damage to the firearm.
- Use only recommended solvents that are compatible with the materials of your firearm.
- Avoid inhaling fumes from solvents; use in a wellventilated area.
- Dispose of used solvents and cleaning materials responsibly, following local environmental regulations.

Instructions for Installation and Usage

1. Preparation:

- Ensure the firearm is unloaded and pointed in a safe direction.
- Gather necessary materials: chamber brush, solvent, punch or screwdriver.

2. Applying Solvent:

- Apply a small amount of solvent to the bristles of the chamber brush.

3. Inserting the Brush:

- Gently push the brush into the chamber of the firearm.
- Close the bolt on the back of the brush to secure it in place.

4. Ratcheting the Brush:

- Rotate the brush using a punch or screwdriver in the ratchet holes.
- While rotating, pull back slightly to remove fouling from the chamber.

5. Removing the Brush:

- After cleaning, carefully pull back the brush while continuing to ratchet it to remove it from the chamber.

6. Final Steps:

- Clean the brush after use and store it in a safe place.
- Ensure the firearm is reassembled and checked for proper function before use.

Disposal Instructions

- Dispose of any used solvents and cleaning materials in accordance with local regulations.
- Do not dispose of solvents in household waste or down the drain.
- Recycle packaging materials where possible.

Contact Information for Further Support

For any safety inquiries or concerns regarding the M1/M1A Chamber Brushes, please refer to the manufacturer's contact information provided with your product.

By following these safety instructions and guidelines, you can ensure safe and effective use of the M1/M1A Chamber Brushes. Thank you for prioritizing safety in your firearm maintenance.
