

# **WILSON DECAPPING BASE - L.E. WILSON DECAPPING BASE ONLY .380**

[Reloading](#) > [Reloading Dies](#) > [Replacement Parts & Upgrades](#)

Some reloaders prefer using these handy tools instead of their reloading die and press for primer removing. Removes military crimped primers, or de-caps your cases separately for case cleaning or tumbling. See below for cartridge family. Punches are caliber specific. Use the 30 caliber punch for all cartridges 30 caliber and up.

# WILSON DECAPPING BASE L.E. Safety Instruction Guide

## Introduction

Thank you for choosing the WILSON DECAPPING BASE L.E. This tool is designed for reloaders who prefer an efficient method for removing primers from cases. It is essential to follow the safety guidelines and instructions outlined in this document to ensure safe and effective use of this product.

## General Safety Guidelines

- Ensure that you are familiar with the operation of reloading tools and practices before using this product.
- Always use protective eyewear when handling or operating reloading equipment.
- Keep the decapping base and all related tools out of reach of children and vulnerable individuals.
- Store the decapping base in a dry, safe location when not in use.
- Regularly inspect the decapping base for any signs of wear or damage. Do not use if damaged.
- Report any unsafe products or accidents to the appropriate authorities.

## Specific Safety Precautions for Use

- Use the decapping base only for its intended purpose: removing primers from cases.
- Ensure that the correct caliberspecific punch is used for the cartridge you are working with.
- Avoid using excessive force when decapping, as this can lead to injury or damage to the tool.
- Work in a wellventilated area to avoid inhaling any dust or debris generated during the decapping process.
- Do not attempt to modify or alter the decapping base or its components.

## Instructions for Installation and Usage

### 1. Preparation

- Gather all necessary tools and materials, including the appropriate caliber punch and the decapping base.
- Ensure your workspace is clean and organized.

### 2. Installation of the Punch

- Select the correct caliber punch for your cartridge. For all cartridges 30 caliber and up, use the 30 caliber punch.
- Insert the punch into the decapping base, ensuring a secure fit.

### 3. Using the Decapping Base

- Place the case you wish to decap into the decapping base.
- Align the case properly to ensure the punch will strike the primer directly.
- Apply steady pressure to the handle or lever to drive the punch into the primer. Do not apply excessive force.
- Once the primer is removed, inspect the case for any damage before proceeding with cleaning or reloading.

### 4. PostUse Care

- Clean the decapping base and punch after each use to remove any debris.

- Store the decapping base and punch in a safe location, away from children.

## **Disposal Instructions**

- Dispose of any removed primers and other waste materials in accordance with local regulations.
- Do not dispose of the decapping base or its components in regular household waste. Check with local authorities for proper disposal methods.

## **Contact Information for Further Support**

For any questions or concerns regarding the WILSON DECAPPING BASE L.E., please refer to the manufacturer's contact information provided with your product packaging. Always ensure you have the latest safety updates and information.

By following these guidelines and instructions, you can ensure a safe and effective experience with your WILSON DECAPPING BASE L.E. Thank you for your attention to safety.
