

M1/M1A Chamber Brushes - DEWEY M1A CHAMBER BRUSH

[Gun Cleaning & Chemicals](#) > [Cleaning Rods & Accessories](#) > [Cleaning Tools](#)

These chamber cleaning brushes are designed to remove the burnt powder fouling which forms in the chamber of M1A, M14 rifles and M1 Garand rifles. Easy to use, apply solvent to the brush, push the brush into the chamber, close the bolt on the back of the brush, and rotate the brush with a punch or screwdriver in the ratchet holes of the brush. Pull back while ratcheting the brush to remove it.

M1/M1A Chamber Brushes Safety Instruction Guide

Introduction

Thank you for choosing the DEWEY M1A Chamber Brush. This product is designed to effectively clean the chamber of M1A, M14 rifles, and M1 Garand rifles by removing burnt powder fouling. It is essential to follow the safety guidelines and usage instructions outlined in this guide to ensure safe and effective operation.

General Safety Guidelines

- Ensure that the chamber brush is used only for its intended purpose.
- Always handle firearms and cleaning tools with care.
- Keep the chamber brush out of reach of children and vulnerable individuals.
- Do not use the brush if it shows signs of damage or wear.
- Always wear appropriate personal protective equipment, such as safety glasses and gloves, when using cleaning solvents.
- Store the chamber brush in a dry, cool place away from direct sunlight and moisture.

Specific Safety Precautions for Use

- Before using the chamber brush, ensure that the firearm is unloaded and the chamber is clear.
- Use only recommended cleaning solvents that are compatible with your firearm.
- Avoid excessive force when using the brush to prevent damage to the chamber.
- Never leave the brush in the chamber unattended.
- Be aware of the potential for solvents to cause skin or eye irritation. Follow all safety instructions provided by the solvent manufacturer.

Instructions for Installation and Usage

1. Preparation:

- Ensure the firearm is unloaded and safe to clean.
- Gather necessary materials: chamber brush, cleaning solvent, punch or screwdriver.

2. Applying Solvent:

- Apply a small amount of cleaning solvent to the bristles of the chamber brush.

3. Inserting the Brush:

- Gently push the chamber brush into the chamber of the firearm.
- Ensure the brush is fully inserted for effective cleaning.

4. Engaging the Ratchet:

- Close the bolt on the back of the brush to engage the ratchet mechanism.
- Use a punch or screwdriver to rotate the brush in the ratchet holes.

5. Cleaning Action:

- While ratcheting, pull back gently on the brush to remove it from the chamber.
- Repeat the process as necessary until the chamber is clean.

6. PostCleaning:

- After use, clean the brush with solvent and store it properly.

Disposal Instructions

- Dispose of any used cleaning solvents in accordance with local regulations.
- If the chamber brush is damaged or no longer usable, dispose of it in a manner that complies with local waste disposal guidelines.

Contact Information for Further Support

For any questions or concerns regarding the use of the DEWEY M1A Chamber Brush, please refer to your retailer or manufacturer's website for support and additional information. Always ensure you are following the latest safety guidelines and product updates.

By following these instructions and safety guidelines, you can ensure a safe and effective cleaning process for your M1A, M14 rifles, and M1 Garand rifles. Thank you for prioritizing safety in your firearm maintenance practices.
