

# SINCLAIR SOLVENT PORTS - SINCLAIR INTERNATIONAL SINCLAIR SOLVENT PORT FOR 22 CALIBER TO 6.5MM

[Gun Cleaning & Chemicals](#) > [Cleaning Rods & Accessories](#) > [Cleaning Rod Guides](#)

Sinclair solvent ports permit the user to apply solvent to a brush, patch, or mop without getting it all over the rifle or their work area. Our solvent ports plug into the end of your Sinclair cleaning rod guides and seal with a silicone O-ring. Each solvent port has an opening where you can apply solvent directly onto the cleaning implement being used. One size port for .17 caliber thru 6.5 mm rod guides, a second size for .270 caliber up to .30 caliber and a third size for 8mm and 338 caliber. These solvent ports will fit all Sinclair Rod Guides except for RG4A54 and RG4A5417 rimfire guides.

## Attributes

# Safety Instruction Guide for Sinclair Solvent Ports

## Introduction

Thank you for choosing the Sinclair Solvent Ports. These innovative tools are designed to help you apply solvent to cleaning implements safely and effectively, minimizing mess and maximizing efficiency. This guide provides important safety instructions and usage guidelines to ensure your safety and the proper functioning of the product.

## General Safety Guidelines

- Ensure the product is used only for its intended purpose.
- Always read and follow the instructions provided in this guide.
- Keep the product out of reach of children and vulnerable individuals.
- Inspect the solvent ports for any damage before use. Do not use if damaged.
- Store the product in a cool, dry place away from direct sunlight and heat sources.
- Report any unsafe products or accidents to the relevant authorities.

## Specific Safety Precautions for Use

- **Avoid Inhalation:** Do not inhale fumes from solvents. Use in a wellventilated area.
- **Skin Contact:** Avoid direct contact with solvents. Wear gloves if necessary.
- **Eye Protection:** Use safety goggles or glasses when applying solvents.
- **Flammable Materials:** Keep the solvent away from open flames and heat sources.
- **Compatibility:** Ensure that the solvent used is compatible with the cleaning implements and the materials of the rifle.

## Instructions for Installation and Usage

### Installation

#### 1. Select the Correct Port Size:

- Choose the appropriate solvent port size based on the caliber of your cleaning rod guide:
  - One size port for .17 caliber through 6.5 mm rod guides.
  - A second size for .270 caliber up to .30 caliber.
  - A third size for 8 mm and .338 caliber.

#### 2. Attach the Solvent Port:

- Plug the solvent port into the end of your Sinclair cleaning rod guide.
- Ensure that the silicone Oring seals properly to prevent leaks.

### Usage

#### 1. Applying Solvent:

- Hold the cleaning implement securely.
- Use the opening of the solvent port to apply solvent directly onto the brush, patch, or mop.
- Avoid oversaturating the cleaning implement to minimize excess solvent.

#### 2. Cleaning Up:

- Wipe any spilled solvent immediately with a suitable cloth.

- Dispose of any used cleaning implements and solvents according to local regulations.

## **Disposal Instructions**

- Dispose of the product in accordance with local waste disposal regulations.
- Do not dispose of solvents or cleaning materials in regular household waste. Follow local guidelines for hazardous waste disposal.

## **Contact Information for Further Support**

For any inquiries regarding safety or product support, please refer to your local regulations and contact the relevant authorities or retailers.

Thank you for prioritizing safety while using the Sinclair Solvent Ports. Enjoy a cleaner and safer shooting experience!
