

# TRIM PRO SHELLHOLDER - TRIM PRO CASE TRIMMER SHELLHOLDER #2

[Reloading](#) > [Case Preparation](#) > [Case Trimming](#) > [Trimmer Case Holders](#)

Trim cases quickly and accurately with the RCBS Trim Pro. The Trim Pro features a spring-loaded lever with shell holders (plates) that lock the cases securely and square to the cutter. The base is die cast metal and includes places for 8 case neck pilots. Length adjustment is easily done with a micrometer style adjustment collar on the cutter shaft. The cutter has hardened cutting blades for a lifetime of use. The trimmer is available in kit form which includes shell holders (2,3, 4, and 10) and pilots (.22, .24, .25, .27, 7mm, .30, .44, and .45 calibers). You can also buy the trimmer separately without pilots or shellholders. Optional accessories include the power converter, which allows you to use a power drill (not a power screwdriver), neck turning tool attachments, and a dust cover. Trim Pro Shellholders follow the same numbering system and cartridge fit as RCBS press type shellholders. See chart here.

## Attributes

# TRIM PRO SHELLHOLDER SAFETY INSTRUCTIONS

## Introduction

Thank you for choosing the TRIM PRO SHELLHOLDER TRIM PRO CASE TRIMMER. This product is designed to help you trim cases quickly and accurately. To ensure safe and effective use of this product, please read and follow these safety instructions carefully.

## General Safety Guidelines

- Always read the user manual before using the product.
- Ensure the product is used in a wellventilated area.
- Keep the product out of reach of children and vulnerable individuals.
- Use the product only for its intended purpose.
- Regularly inspect the product for signs of wear or damage before use.
- If you notice any defects, do not use the product and contact customer support.
- Follow all local laws and regulations related to the use of this product.

## Specific Safety Precautions for Use

- **Cutting Blades:** The cutter features hardened cutting blades. Handle with care to avoid cuts or injuries.
- **SpringLoaded Lever:** Ensure that your fingers are clear of the lever mechanism when operating to prevent pinching.
- **Shell Holders:** Always ensure that shell holders are securely locked in place before beginning the trimming process.
- **Power Tools:** When using a power drill, ensure it is compatible and do not use a power screwdriver for this product.
- **Dust Cover:** Use the dust cover to prevent dust and debris from affecting your workspace.
- **Neck Turning Tool Attachments:** Use only compatible neck turning tool attachments to avoid accidents or damage.

## Instructions for Installation and Usage

### 1. Setup:

- Place the TRIM PRO SHELLHOLDER on a stable work surface.
- Ensure the base is securely positioned to prevent movement during operation.

### 2. Installing Shell Holders:

- Select the appropriate shell holder for your case size.
- Insert the shell holder into the designated slot and ensure it locks securely in place.

### 3. Adjusting Length:

- Use the micrometer style adjustment collar on the cutter shaft to set the desired length for trimming.

### 4. Trimming Cases:

- Insert the case into the shell holder, ensuring it is locked and securely held.
- Activate the springloaded lever to begin the trimming process.
- After trimming, carefully remove the case from the shell holder.

### 5. Power Tool Use:

- Attach the power converter to your power drill.
- Ensure the drill is set to the appropriate speed as per the manufacturer's guidelines.
- Do not exceed the recommended RPM to avoid damaging the cutter.

## Disposal Instructions

- Dispose of the product in accordance with local waste disposal regulations.
- Do not dispose of the product with general household waste.
- If applicable, recycle components where possible.

## Contact Information for Further Support

For any inquiries or concerns regarding the TRIM PRO SHELLHOLDER, please refer to the user manual for the appropriate contact information. It is important to address any safety concerns or product issues promptly.

## Conclusion

Following these safety instructions will help you use the TRIM PRO SHELLHOLDER safely and effectively. Always prioritize safety and adhere to the guidelines provided. Thank you for your attention to these important safety measures.
