

SQUARE PRIMER FLIPPER TRAY - RCBS SQUARE PRIMER FLIPPER TRAY

[Reloading](#) > [Priming Tools](#) > [Priming Tool Accessories](#)

This square primer tray is great for holding and storing primers. It has a ridged surface that allows the handloader to orient the primers so they are all belly up for easier feeding into your tool. the large design fits even the larger Federal primer boxes so it is easier to load. The tray will hold up to 300 small rifle primers at a time, although we only recommend loading 100. We have one for each type of primer we use.

Safety Instruction Guide for SQUARE PRIMER FLIPPER TRAY

Introduction

Thank you for choosing the SQUARE PRIMER FLIPPER TRAY by RCBS. This product is designed to assist handloaders in organizing and storing primers safely and efficiently. This guide provides essential safety instructions to ensure the safe use of the tray, in compliance with the EU General Product Safety Regulation (GPSR).

General Safety Guidelines

- Always handle primers with care to prevent accidental ignition.
- Ensure that the tray is used in a wellventilated area away from heat sources and open flames.
- Keep the tray and primers out of reach of children and pets.
- Regularly inspect the tray for any signs of damage or wear. Do not use if damaged.
- Follow all local regulations regarding the storage and handling of primers.

Specific Safety Precautions for Use

- Use the tray only for its intended purpose: organizing and storing primers.
- Do not overload the tray with more than the recommended 100 primers at a time, despite its capacity to hold 300.
- Always orient primers with the belly side up to ensure smooth feeding into your reloading tool.
- Avoid using the tray in areas where other flammable materials are present.
- In case of an accident or if primers are spilled, follow proper cleanup procedures and avoid using vacuum cleaners.

Instructions for Installation and Usage

1. Setting Up the Tray:

- Place the SQUARE PRIMER FLIPPER TRAY on a stable, flat surface.
- Ensure the area is clean and free from any debris.

2. Loading Primers:

- Carefully open the primer box and pour a small amount of primers into the tray.
- Gently shake the tray to help orient the primers to the bellyup position.
- Avoid overfilling the tray; a maximum of 100 primers is recommended for optimal use.

3. Using the Tray:

- When ready to load primers into your tool, simply tilt the tray to allow the primers to slide into the loading mechanism.
- Ensure that your hands are dry and free from any oils or substances that could affect primer ignition.

4. Storing the Tray:

- After use, store the tray in a cool, dry place, away from direct sunlight and heat sources.
- Ensure that the tray is stored out of reach of children and pets.

Disposal Instructions

- Dispose of the SQUARE PRIMER FLIPPER TRAY in accordance with local regulations.
- If the tray is damaged or no longer usable, contact your local waste management facility for proper disposal methods.
- Never dispose of primers in regular household waste. Follow local guidelines for hazardous materials.

Contact Information for Further Support

For any questions or concerns regarding the SQUARE PRIMER FLIPPER TRAY, please refer to the product packaging for contact information. It is important to address any safety inquiries with the manufacturer or authorized distributor.

By following these safety instructions, you can ensure a safe and effective experience while using the SQUARE PRIMER FLIPPER TRAY. Thank you for prioritizing safety!
