

BULLET COMPARATOR INSERTS - SINCLAIR INTERNATIONAL

BULLET COMPARATOR INSERT, 8MM (0.323")

[Reloading](#) > [Measuring Tools](#) > [Bullet Comparators](#)

The Sinclair Bullet Comparator inserts are meant to be used with the Sinclair Bullet Comparator and Bump Gage Body. These inserts are stainless steel and machined with a taper and a short straight section to more accurately duplicate the chamber throat. This eliminates the wobble experienced with many comparators which have standard drilled holes. Our design allows you to quickly and accurately measure and compare bullet ogive-to-base as well as loaded round ogive-to-cartridge-base measurements. This measurement gives more consistent results than measuring overall lengths since the meplat (the open tip of the bullet) can vary by several thousandths of an inch from bullet to bullet.

Safety Instruction Guide for BULLET COMPARATOR INSERTS SINCLAIR INTERNATIONAL 8MM (0.323") COMPARATOR INSERT

Introduction

Thank you for choosing the Sinclair Bullet Comparator Inserts. These inserts are designed to provide accurate measurements for bullet ogivetobase and loaded round ogivetocartridgebase. To ensure safe and effective use, please read and follow the safety instructions outlined in this guide.

General Safety Guidelines

- Ensure that the product is used only for its intended purpose.
- Always handle the inserts with care to prevent damage or injury.
- Keep the product out of reach of children and vulnerable individuals.
- Regularly inspect the product for any signs of wear or damage before use.
- Report any unsafe products or incidents to the relevant authorities.

Specific Safety Precautions for Use

- Use only with the Sinclair Bullet Comparator and Bump Gage Body.
- Avoid using the inserts if they show signs of damage or wear.
- Do not attempt to modify the inserts or use them in a manner other than intended.
- Wear appropriate safety gear, such as safety glasses, when using the product.
- Ensure that your workspace is clean and free from distractions while measuring.

Instructions for Installation and Usage

1. Installation:

- Ensure that the Sinclair Bullet Comparator and Bump Gage Body are clean and free of debris.
- Insert the comparator insert into the designated slot of the comparator securely.
- Confirm that the insert is properly seated and stable before use.

2. Usage:

- Place the bullet or loaded round in the comparator insert.
- Gently close the comparator to hold the bullet in position.
- Use a caliper or other measuring tool to take measurements from the ogive to the base or cartridge base.
- Record measurements for future reference.

Disposal Instructions

- Dispose of the product in accordance with local regulations.
- Do not dispose of the product in regular household waste.
- If the product is damaged, follow your local guidelines for the disposal of metal products.

Contact Information for Further Support

For any questions or concerns regarding the use or safety of the Sinclair Bullet Comparator Inserts, please refer

to the manufacturer's contact information provided with the product packaging or on the official website.

Thank you for your attention to these safety guidelines. Your safety is our priority, and we hope you enjoy using the Sinclair Bullet Comparator Inserts.
