

# **BULLET COMPARATOR INSERTS - SINCLAIR INTERNATIONAL**

## **BULLET COMPARATOR INSERT, 338 CALIBER (0.338")**

[Reloading](#) > [Measuring Tools](#) > [Bullet Comparators](#)

The Sinclair Bullet Comparator inserts are meant to be used with the Sinclair Bullet Comparator and Bump Gage Body. These inserts are stainless steel and machined with a taper and a short straight section to more accurately duplicate the chamber throat. This eliminates the wobble experienced with many comparators which have standard drilled holes. Our design allows you to quickly and accurately measure and compare bullet ogive-to-base as well as loaded round ogive-to-cartridge-base measurements. This measurement gives more consistent results than measuring overall lengths since the meplat (the open tip of the bullet) can vary by several thousandths of an inch from bullet to bullet.

### **Attributes**

- Name: [SINCLAIR INTERNATIONAL BULLET COMPARATOR INSERT, 338 CALIBER \(0.338"\)](#)
- Manufacturer: [SINCLAIR INTERNATIONAL](#)
- Product no.: 749000926
- Mfr. No.: 090338
- Caliber: 338 Caliber (.338)
- Delivery weight: 0.02kg
- Shipping height: 1mm
- Shipping width: 83mm
- Shipping length: 146mm

# Safety Instruction Guide for BULLET COMPARATOR INSERTS

## Introduction

Thank you for choosing the Sinclair Bullet Comparator Inserts for your reloading needs. These precision tools are designed to enhance your bullet measurement accuracy. Please read this safety instruction guide carefully to ensure safe and effective use of the product.

## General Safety Guidelines

- Always use the product in accordance with the manufacturer's instructions.
- Ensure that the product is kept out of reach of children and vulnerable individuals.
- Regularly inspect the product for any signs of damage or wear. Do not use if damaged.
- Report any unsafe products or accidents to the relevant authorities.
- Stay informed about recalls or safety updates via the EU's Safety Gate platform.

## Specific Safety Precautions for Use

- **Hazard Identification:** The Bullet Comparator Inserts are made of stainless steel and can cause injury if mishandled. Always handle with care.
- **Avoid Sharp Edges:** The inserts may have sharp edges. Use protective gloves if necessary to avoid cuts.
- **Proper Handling:** Always hold the inserts by the nonsharp areas. Do not apply excessive force when inserting or removing from the comparator.
- **Measurement Accuracy:** Ensure the comparator is securely fastened before taking measurements to avoid inaccuracies.
- **Storage:** Store the inserts in a safe, dry place to prevent damage and ensure longevity.

## Instructions for Installation and Usage

### • Installation:

1. Ensure the Sinclair Bullet Comparator and Bump Gage Body are clean and free from debris.
2. Select the appropriate Bullet Comparator Insert for your caliber (in this case, .338).
3. Insert the Bullet Comparator Insert into the Sinclair Bullet Comparator until it is securely in place.

### • Usage:

1. Place the bullet to be measured into the comparator.
2. Ensure that the bullet is seated properly against the insert.
3. Take the measurement by aligning the comparator with the measurement scale.
4. Record the ogivetobase measurement for future reference.
5. After use, carefully remove the bullet and the insert from the comparator.

## Disposal Instructions

- Dispose of the product in accordance with local regulations.
- If the product is damaged or no longer needed, consider recycling the stainless steel components where facilities are available.

## **Contact Information for Further Support**

For any questions regarding safety or product use, please reach out to your local retailer or the manufacturer. Always ensure that you have the latest safety information and product updates.

Thank you for your attention to these safety instructions. Your safety is our priority.
