

# BULLET COMPARATOR INSERTS - SINCLAIR INTERNATIONAL

## BULLET COMPARATOR INSERT, 6.5MM (0.264")

[Reloading](#) > [Measuring Tools](#) > [Bullet Comparators](#)

The Sinclair Bullet Comparator inserts are meant to be used with the Sinclair Bullet Comparator and Bump Gage Body. These inserts are stainless steel and machined with a taper and a short straight section to more accurately duplicate the chamber throat. This eliminates the wobble experienced with many comparators which have standard drilled holes. Our design allows you to quickly and accurately measure and compare bullet ogive-to-base as well as loaded round ogive-to-cartridge-base measurements. This measurement gives more consistent results than measuring overall lengths since the meplat (the open tip of the bullet) can vary by several thousandths of an inch from bullet to bullet.

### Attributes

- Name: [SINCLAIR INTERNATIONAL BULLET COMPARATOR INSERT, 6.5MM \(0.264"\)](#)
- Manufacturer: [SINCLAIR INTERNATIONAL](#)
- Product no.: 749000930
- Mfr. No.:
- Caliber: 6.5mm,264 Caliber
- Delivery weight: 0.023kg
- Shipping width: 83mm
- Shipping length: 146mm
- UPC: SSSSSSSSSSE

# Safety Instruction Guide for BULLET COMPARATOR INSERTS SINCLAIR INTERNATIONAL 6.5MM (0.264") COMPARATOR INSERT

## Introduction

Thank you for choosing the BULLET COMPARATOR INSERTS from SINCLAIR INTERNATIONAL. These inserts are designed to enhance your reloading experience by providing accurate measurements of bullet ogivetobase and loaded round ogivetocartridgebase. This guide provides essential safety instructions to ensure safe use and compliance with the EU General Product Safety Regulation (GPSR).

## General Safety Guidelines

- Always read and understand the product instructions before use.
- Ensure that the product is used only for its intended purpose.
- Keep the product out of reach of children and vulnerable individuals.
- Regularly inspect the product for any signs of wear or damage.
- Report any unsafe conditions or incidents to the relevant authorities.
- Stay informed about product recalls and safety updates through the EU's Safety Gate platform.

## Specific Safety Precautions for Use

- Use only with compatible Sinclair Bullet Comparator and Bump Gage Body.
- Avoid using the product if it is damaged or if any parts are missing.
- Handle the stainless steel inserts with care to prevent injury.
- Do not apply excessive force when measuring to avoid damaging the inserts or the comparator.
- Ensure that the working area is clean and free of obstructions before use.
- Use appropriate personal protective equipment (PPE) such as safety glasses if necessary.

## Instructions for Installation and Usage

### 1. Installation:

- Ensure that the Sinclair Bullet Comparator and Bump Gage Body are clean and free of debris.
- Select the appropriate BULLET COMPARATOR INSERT for your caliber (6.5mm or 0.264").
- Insert the comparator into the designated slot of the Sinclair Bullet Comparator securely.

### 2. Usage:

- Place the bullet into the comparator, ensuring it is seated properly.
- Adjust the comparator to measure the bullet ogivetobase.
- Record the measurement accurately for your reloading data.
- Repeat the process for loaded rounds, ensuring the same care in placement.
- After use, clean the inserts and comparator to maintain precision.

## Disposal Instructions

- Dispose of the BULLET COMPARATOR INSERTS responsibly, following local regulations for the disposal of metal products.
- Consider recycling the stainless steel components if applicable.
- Do not dispose of the product in general waste if it can be recycled.

## **Contact Information for Further Support**

For any inquiries or further support regarding the BULLET COMPARATOR INSERTS, please refer to the contact information provided with your product packaging or visit the official Sinclair International website.

By following these safety instructions, you can ensure a safe and effective reloading experience with your BULLET COMPARATOR INSERTS. Thank you for your attention to safety and compliance.
