

# NECK TURNER PILOT - FORSTER PRODUCTS, INC. 0.284" NECK TURNER PILOT

[Reloading](#) > [Case Preparation](#) > [Neck Turning](#) > [Turning & Expander Mandrels](#)

This neck turning attachment is used on the Forster Case Trimmer to turn concentric and uniform necks easily and accurately. Attachment includes carbide cutter, hand fed cam to control speed of cut, and mechanical stop to control length of cut. Works on Forster Case Trimmers only. This tool requires outside neck turning pilots for applicable caliber (cannot use trimmer pilots). The pilots do not fit Forster Hand Held Outside Neck Turning Tool.

## Attributes

- Name: [FORSTER PRODUCTS, INC. 0.284" NECK TURNER PILOT](#)
- Manufacturer: [FORSTER PRODUCTS, INC.](#)

## #284 Safety Instruction Guide

### Introduction

Thank you for choosing the NECK TURNER PILOT by Forster Products, Inc. This guide provides essential safety instructions to ensure the safe and effective use of your neck turning attachment for the Forster Case Trimmer. Please read this guide carefully before use.

### General Safety Guidelines

- Ensure that the product is used only for its intended purpose as described in this manual.
- Always handle the neck turning pilot with care to avoid injury.
- Keep the product out of reach of children and vulnerable individuals.
- Regularly inspect the product for any signs of damage or wear before use.
- If you notice any defects, do not use the product and contact Forster Products, Inc. for assistance.
- Follow all local regulations regarding the use and disposal of tools and accessories.

### Specific Safety Precautions for Use

- Always wear appropriate personal protective equipment (PPE) such as safety goggles and gloves when using the neck turning pilot.
- Ensure that the Forster Case Trimmer is securely mounted and stable before attaching the neck turning pilot.
- Avoid loose clothing and jewelry that could get caught in the machinery.
- Do not place hands or fingers near the cutter while the tool is in operation.
- Use only the recommended outside neck turning pilots for your specific caliber; do not use trimmer pilots.
- Be aware of the mechanical stop to control the length of cut; ensure it is set correctly before use.
- Do not attempt to modify or alter the neck turning pilot or its components.

### Instructions for Installation and Usage

#### 1. Installation:

- Ensure the Forster Case Trimmer is unplugged before installation.
- Attach the neck turning pilot securely to the trimmer according to the manufacturer's instructions.
- Check that the carbide cutter is properly installed and tightened.
- Adjust the handfed cam to set the desired speed of cut.

#### 2. Usage:

- Plug in the Forster Case Trimmer and turn it on.
- Feed the case into the neck turning pilot slowly and steadily.
- Monitor the cutting process to ensure the necks are turning uniformly.
- Once the desired length is achieved, use the mechanical stop to prevent overcutting.
- Turn off the trimmer and unplug it after use.

### Disposal Instructions

- Dispose of the neck turning pilot and any worn components in accordance with local waste disposal regulations.
- Do not dispose of the product in household waste; check for recycling options in your area.

## Contact Information for Further Support

For any questions, concerns, or safety inquiries regarding the NECK TURNER PILOT, please refer to the contact information provided by the manufacturer. Ensure you have the product details ready for efficient assistance.

Thank you for your attention to these safety instructions. Your safety is our priority. Enjoy using your NECK TURNER PILOT responsibly!
