

NECK TURNER PILOT - FORSTER PRODUCTS, INC. 0.224" NECK TURNER PILOT

[Reloading](#) > [Case Preparation](#) > [Neck Turning](#) > [Turning & Expander Mandrels](#)

This neck turning attachment is used on the Forster Case Trimmer to turn concentric and uniform necks easily and accurately. Attachment includes carbide cutter, hand fed cam to control speed of cut, and mechanical stop to control length of cut. Works on Forster Case Trimmers only. This tool requires outside neck turning pilots for applicable caliber (cannot use trimmer pilots). The pilots do not fit Forster Hand Held Outside Neck Turning Tool.

NECK TURNER PILOT SAFETY INSTRUCTIONS

Introduction

Thank you for choosing the NECK TURNER PILOT from Forster Products, Inc. This guide provides essential safety instructions and information for the safe and effective use of the neck turning attachment designed for use with Forster Case Trimmers. Please read and follow all instructions carefully to ensure your safety and the proper functioning of the product.

General Safety Guidelines

- Ensure that the NECK TURNER PILOT is used only with Forster Case Trimmers.
- Always use the product in a welllit, clean, and dry area.
- Keep the work area free from distractions and clutter.
- Use appropriate personal protective equipment (PPE), such as safety glasses and gloves, while operating the tool.
- Be aware of your surroundings and ensure that unauthorized persons, especially children, are kept at a safe distance while using the tool.
- Regularly inspect the NECK TURNER PILOT for any signs of wear or damage before each use. Do not use if damaged.
- Follow all local regulations and guidelines regarding the handling and disposal of materials used with this product.

Specific Safety Precautions for Use

- **Hazard Identification:**

- Sharp edges: The carbide cutter is sharp and can cause cuts. Handle with care.
- Moving parts: The mechanical components may pinch or entrap fingers. Keep hands clear of moving parts during operation.

- **Avoiding Hazards:**

- Always ensure the tool is securely attached to the case trimmer before use.
- Do not attempt to modify or alter the neck turning pilot in any way.
- Do not exceed the recommended cutting speed as this may lead to tool failure or personal injury.
- If you experience any unusual noises or resistance while operating the tool, stop immediately and inspect for issues.

- **Age Restrictions:**

- This product is intended for use by adults only. Keep out of reach of children.

Instructions for Installation and Usage

1. Installation:

- Ensure that the Forster Case Trimmer is unplugged or turned off before installation.
- Attach the NECK TURNER PILOT securely to the case trimmer according to the manufacturer's instructions.
- Check that the carbide cutter is properly aligned and secured.

2. Usage:

- Turn on the Forster Case Trimmer and set the desired speed using the handfed cam.
- Feed the case into the NECK TURNER PILOT slowly and steadily.
- Monitor the cutting process to ensure uniform neck turning.
- Once finished, turn off the trimmer and carefully remove the case.

3. PostUsage Care:

- Clean the NECK TURNER PILOT after each use to remove debris and ensure longevity.
- Store the tool in a dry place, away from moisture and direct sunlight.

Disposal Instructions

- Dispose of the NECK TURNER PILOT and any associated materials in accordance with local regulations.
- If the product is damaged beyond repair, ensure that it is disposed of in a manner that prevents injury to others.

Contact Information for Further Support

For questions regarding the NECK TURNER PILOT or for safety inquiries, please refer to the manufacturer's contact information provided with your product packaging or on the official website.

Thank you for your attention to these safety instructions. Your safety and satisfaction are our top priority. Enjoy using your NECK TURNER PILOT safely and effectively!
