

NECK TURNER PILOT - FORSTER PRODUCTS, INC. 0.243" NECK TURNER PILOT

[Reloading](#) > [Case Preparation](#) > [Neck Turning](#) > [Turning & Expander Mandrels](#)

This neck turning attachment is used on the Forster Case Trimmer to turn concentric and uniform necks easily and accurately. Attachment includes carbide cutter, hand fed cam to control speed of cut, and mechanical stop to control length of cut. Works on Forster Case Trimmers only. This tool requires outside neck turning pilots for applicable caliber (cannot use trimmer pilots). The pilots do not fit Forster Hand Held Outside Neck Turning Tool.

NECK TURNER PILOT FORSTER PRODUCTS, INC.

#243 Safety Instruction Guide

Introduction

Thank you for choosing the NECK TURNER PILOT for 0.243" bullets from Forster Products, Inc. This product is designed to help you achieve precise neck turning on your cartridges. To ensure safe and effective use, please read and follow the safety instructions outlined in this guide.

General Safety Guidelines

- Always use the neck turning pilot in accordance with the manufacturer's instructions.
- Ensure that the neck turning pilot is compatible with your Forster Case Trimmer.
- Keep the work area clean and welllit to avoid accidents.
- Use appropriate personal protective equipment (PPE), such as safety glasses and gloves, while operating the tool.
- Store the neck turning pilot in a safe place, out of reach of children and pets.
- Regularly inspect the tool for any signs of wear or damage before each use.
- Do not modify or alter the neck turning pilot in any way.

Specific Safety Precautions for Use

- **Hazard Identification:**

- The neck turning pilot has sharp cutting edges that can cause injury.
- Improper use may lead to damage to the tool or your case trimmer.

- **Avoiding Hazards:**

- Always handle the neck turning pilot with care to avoid cuts.
- Ensure that the tool is securely attached to the case trimmer before use.
- Do not attempt to use the neck turning pilot with trimmer pilots; only use outside neck turning pilots for applicable calibers.
- Do not exceed the recommended speed settings when using the tool.

- **AgeSpecific Warning:**

- This product is not intended for use by individuals under the age of 18 without adult supervision.

Instructions for Installation and Usage

1. Installation:

- Ensure your Forster Case Trimmer is unplugged before installation.
- Attach the neck turning pilot securely to the case trimmer following the manufacturer's instructions.
- Use the provided mechanical stop to set the desired length of cut.

2. Usage:

- Plug in the case trimmer and turn it on.
- Adjust the handfed cam to control the speed of the cut.
- Carefully feed the cartridge neck into the neck turning pilot, ensuring a stable grip.

- Monitor the cutting process to maintain accuracy and safety.
- Once the operation is complete, turn off the case trimmer and remove the neck turning pilot.

Disposal Instructions

- Dispose of the neck turning pilot and any associated materials in accordance with local regulations.
- Do not dispose of the product in regular household waste.
- Consider recycling options for the materials when possible.

Contact Information for Further Support

For any questions or concerns regarding the NECK TURNER PILOT, please refer to the manufacturer's website or contact your local distributor. Always ensure that you have the latest information regarding product safety and usage.

Conclusion

By following these safety instructions, you can ensure a safe and effective experience while using the NECK TURNER PILOT. Remember to stay informed about any product recalls or safety updates through official channels. Thank you for prioritizing safety in your reloading practices.
