

# NECK TURNER PILOT - FORSTER PRODUCTS, INC. 0.264" NECK TURNER PILOT

[Reloading](#) > [Case Preparation](#) > [Neck Turning](#) > [Turning & Expander Mandrels](#)

This neck turning attachment is used on the Forster Case Trimmer to turn concentric and uniform necks easily and accurately. Attachment includes carbide cutter, hand fed cam to control speed of cut, and mechanical stop to control length of cut. Works on Forster Case Trimmers only. This tool requires outside neck turning pilots for applicable caliber (cannot use trimmer pilots). The pilots do not fit Forster Hand Held Outside Neck Turning Tool.

# NECK TURNER PILOT SAFETY INSTRUCTION GUIDE

## Introduction

Thank you for choosing the NECK TURNER PILOT from Forster Products, Inc. This guide provides essential safety instructions and guidelines for the proper use of the neck turning attachment. Please read this document carefully to ensure safe and effective operation.

## General Safety Guidelines

- Always use the NECK TURNER PILOT in accordance with the manufacturer's instructions.
- Ensure that the tool is used in a welllit and clean workspace to avoid accidents.
- Keep the workspace free of clutter and unnecessary tools to minimize risks.
- Always wear appropriate personal protective equipment (PPE), such as safety glasses and gloves, when using the tool.
- Ensure that all users are aware of the potential hazards associated with the tool and have received proper training.
- Store the tool in a secure location out of reach of children and unauthorized users.

## Specific Safety Precautions for Use

- Do not use the NECK TURNER PILOT with any trimmer pilots; it requires outside neck turning pilots for applicable calibers.
- Ensure that the tool is compatible with your Forster Case Trimmer model before use.
- Avoid wearing loose clothing or jewelry that may become caught in the tool during operation.
- Do not operate the tool if you are tired, under the influence of drugs or alcohol, or if you are not in a suitable mental state.
- Regularly inspect the tool and its components for wear or damage before each use. Replace any damaged parts immediately.
- If you experience any unusual sounds or vibrations during operation, stop using the tool immediately and inspect it for potential issues.

## Instructions for Installation and Usage

### 1. Installation:

- Ensure that your Forster Case Trimmer is unplugged before installation.
- Attach the NECK TURNER PILOT securely to the designated area on the Forster Case Trimmer according to the manufacturer's instructions.
- Confirm that the carbide cutter is properly installed and adjusted for your specific caliber.

### 2. Usage:

- Before starting, ensure that the workpiece is properly secured in the Forster Case Trimmer.
- Adjust the handfed cam to control the speed of the cut, ensuring it is set to a comfortable and safe speed.
- Use the mechanical stop to control the length of the cut, ensuring it is set according to your requirements.
- Turn on the Forster Case Trimmer and begin the neck turning process, monitoring the operation closely.
- If any adjustments are needed during use, stop the machine before making changes.
- After use, turn off the Forster Case Trimmer and unplug it before removing the NECK TURNER PILOT.

## **Disposal Instructions**

- Dispose of the NECK TURNER PILOT and any associated components in accordance with local regulations.
- Do not dispose of any electrical components in regular household waste; consult local waste management authorities for proper disposal methods.

## **Contact Information for Further Support**

For any questions or concerns regarding the NECK TURNER PILOT, please refer to the manufacturer's contact details provided with the product packaging or visit the official Forster Products website for support resources.

## **Conclusion**

By following these safety instructions, you will ensure a safe and effective experience while using the NECK TURNER PILOT. Always prioritize safety and adhere to the guidelines provided to prevent accidents and injuries. Thank you for your attention to these important safety measures.
