

NECK TURNER PILOT - FORSTER PRODUCTS, INC. 0.308" NECK TURNER PILOT

[Reloading](#) > [Case Preparation](#) > [Neck Turning](#) > [Turning & Expander Mandrels](#)

This neck turning attachment is used on the Forster Case Trimmer to turn concentric and uniform necks easily and accurately. Attachment includes carbide cutter, hand fed cam to control speed of cut, and mechanical stop to control length of cut. Works on Forster Case Trimmers only. This tool requires outside neck turning pilots for applicable caliber (cannot use trimmer pilots). The pilots do not fit Forster Hand Held Outside Neck Turning Tool.

NECK TURNER PILOT SAFETY INSTRUCTION GUIDE

Introduction

Thank you for choosing the NECK TURNER PILOT from Forster Products, Inc. This tool is designed to help you turn concentric and uniform necks on your cartridges with precision and ease. To ensure your safety and the proper use of this product, please read and follow these safety instructions carefully.

General Safety Guidelines

- Always use the NECK TURNER PILOT in accordance with the manufacturer's instructions.
- Keep the tool out of reach of children and vulnerable individuals to prevent accidents.
- Inspect the tool before each use for any signs of damage or wear.
- Do not use the tool for any purpose other than its intended use.
- Ensure that your work area is clean and free from clutter to avoid accidents.
- Wear appropriate personal protective equipment (PPE), such as safety glasses, to protect your eyes from debris.
- Report any unsafe conditions or accidents to the appropriate authorities immediately.

Specific Safety Precautions for Use

- Ensure that the NECK TURNER PILOT is compatible with your Forster Case Trimmer before use.
- Always use outside neck turning pilots that are suitable for your specific caliber.
- Do not attempt to use trimmer pilots with this tool as they are not compatible.
- Avoid placing your hands near the cutter while the tool is in operation to prevent injury.
- Always allow the tool to come to a complete stop before making adjustments or cleaning.
- Use caution when handling the carbide cutter as it is sharp and can cause cuts.

Instructions for Installation and Usage

1. Installation

- Ensure that your Forster Case Trimmer is securely set up and powered off.
- Select the appropriate outside neck turning pilot for your caliber (e.g., 0.308" bullets).
- Carefully attach the neck turning pilot to the Forster Case Trimmer according to the manufacturer's instructions.

2. Usage

- Turn on the Forster Case Trimmer and adjust the handfed cam to control the speed of the cut.
- Position the cartridge neck into the neck turning pilot securely.
- Gradually feed the cartridge neck into the cutter while maintaining a steady hand to ensure a uniform cut.
- Monitor the cutting process closely to avoid overcutting and ensure concentric necks.
- Once the desired cut is achieved, turn off the trimmer and remove the cartridge.

Disposal Instructions

- Dispose of any damaged or worn parts according to local regulations.
- Do not dispose of the NECK TURNER PILOT in regular household waste. Instead, check for local recycling programs that accept metal tools.
- Ensure that all components are disposed of in a way that does not pose a risk to the environment or public safety.

Contact Information for Further Support

For any questions or concerns regarding the NECK TURNER PILOT, please refer to the manufacturer's website or customer service for assistance. Ensure to have your product details ready for a more efficient response.

By following these guidelines, you can ensure a safe and effective experience with your NECK TURNER PILOT. Thank you for your attention to safety and for choosing Forster Products, Inc.
