

# SINCLAIR STAINLESS STEEL PILOTS - SINCLAIR INTERNATIONAL PILOT STOP, STAINLESS STEEL, 270 CALIBER

[Reloading](#) > [Case Preparation](#) > [Flash Hole Tool Pilots](#)

We manufacture pilots for our flash hole tool and our Neck Thickness/Variance Gauge. Our pilots are precision machined from stainless steel on CNC turning centers to properly fit new, unfired case necks. Available for rifle and pistol cartridges from 22 thru 45 caliber. Not for use on .50 BMG. 50 BMG flash hole diameter is larger.

## Attributes

- Name: [SINCLAIR INTERNATIONAL PILOT STOP, STAINLESS STEEL, 270 CALIBER](#)
- Manufacturer: [SINCLAIR INTERNATIONAL](#)
- Product no.: 749000999
- Mfr. No.: 26277
- Caliber: 270/6.8 mm (.277)
- Delivery weight: 0.005kg
- Shipping width: 83mm
- Shipping length: 146mm

# Safety Instruction Guide for SINCLAIR Stainless Steel Pilots

## Introduction

Thank you for choosing the SINCLAIR Stainless Steel Pilots. This guide provides essential safety instructions to ensure the safe and effective use of our products. Please read this document carefully before using the pilots to understand the necessary precautions and guidelines.

## General Safety Guidelines

- Ensure that all safety instructions are followed to minimize risks associated with the use of this product.
- Always use the pilots in accordance with the intended purpose, specifically for flash hole tools and Neck Thickness/Variance Gauges.
- Keep the product out of reach of children and vulnerable individuals.
- Regularly inspect the pilots for any signs of damage or wear before use.
- Report any unsafe products or accidents to the relevant authorities.

## Specific Safety Precautions for Use

- Use only with compatible rifle and pistol cartridges ranging from 22 to 45 caliber.
- Do not use the pilots with .50 BMG cartridges as the flash hole diameter is larger and may cause malfunction.
- Ensure that you are wearing appropriate safety gear, such as eye protection, when using the pilots.
- Do not attempt to modify or alter the pilots in any way.
- Always work in a wellventilated area to avoid inhalation of any dust or particles generated during use.

## Instructions for Installation and Usage

### 1. Preparation:

- Gather all necessary tools and safety equipment before beginning.
- Ensure that the flash hole tool and Neck Thickness/Variance Gauge are clean and free from debris.

### 2. Installation:

- Carefully insert the pilot into the designated tool, ensuring a secure fit.
- Confirm that the pilot is properly aligned with the tool's specifications.

### 3. Usage:

- Follow the manufacturer's guidelines for operating the flash hole tool and Neck Thickness/Variance Gauge.
- Apply consistent pressure when using the pilots to ensure accurate measurements.
- After use, remove the pilots carefully to avoid any injury.

### 4. PostUsage:

- Clean the pilots and tools after use to maintain their condition.
- Store the pilots in a safe, dry place away from direct sunlight and moisture.

## **Disposal Instructions**

- Dispose of any damaged or worn pilots in accordance with local regulations.
- Do not dispose of the pilots in regular household waste.
- Contact your local waste management authority for proper disposal methods.

## **Contact Information for Further Support**

For any questions or concerns regarding the safety and usage of the SINCLAIR Stainless Steel Pilots, please refer to the contact details provided on the packaging or visit the manufacturer's website for more information.

By following these safety instructions, you can ensure a safe and effective experience with your SINCLAIR Stainless Steel Pilots. Thank you for your attention to safety and compliance with these guidelines.
