

# **SOLVENT BOTTLES - SINCLAIR INTERNATIONAL SOLVENT BOTTLE WITH FLIPTOP LID, 4OZ, 3 PACK**

[Gun Cleaning & Chemicals](#) > [Solvents & Degreasers](#) > [Bore Solvents](#)

Our plastic solvent bottles are invaluable for the storage and application of your cleaning solvents. Each of our two bottles comes with an applicator flip-snout cap and a solid cap for storage. The Sinclair Tall Solvent bottle is high-density polypropylene which we have fluorinated to resist even the strongest ammonia and oil based products. The bottle measures 5" tall x 1-5/8" in diameter and holds 4-ozs. of solvent. Our Sinclair Short Solvent bottle is also high-density polypropylene but it is not fluorinated. Many shooters prefer it for their cleaning boxes because of its lower 4" tall x 2" in diameter profile, this bottle also holds 4 oz. of solvent.

## **Attributes**

- Name: [SINCLAIR INTERNATIONAL SOLVENT BOTTLE WITH FLIPTOP LID, 4OZ, 3 PACK](#)
- Manufacturer: [SINCLAIR INTERNATIONAL](#)
- Product no.: 749001113

# Safety Instruction Guide for SOLVENT BOTTLES SINCLAIR INTERNATIONAL

## Introduction

Thank you for choosing the Sinclair International Solvent Bottles. These bottles are designed for the safe storage and application of cleaning solvents. This guide provides essential safety information to ensure safe use and compliance with the EU General Product Safety Regulation (GPSR).

## General Safety Guidelines

- Always use the solvent bottles in a wellventilated area.
- Keep the bottles out of reach of children and pets.
- Ensure the caps are securely fastened when not in use to prevent leaks.
- Do not use the bottles for storing food or beverages.
- Inspect the bottles regularly for any signs of damage or wear.
- Report any unsafe products or accidents to the appropriate authorities.

## Specific Safety Precautions for Use

- **Chemical Compatibility:** Ensure that the solvent you are using is compatible with highdensity polypropylene. Avoid using solvents that may cause degradation of the bottle material.
- **Personal Protective Equipment (PPE):** When using solvents, wear appropriate PPE, including gloves and safety goggles, to protect against potential splashes or spills.
- **Spills and Leaks:** In the event of a spill, clean it up immediately using appropriate materials. Dispose of any contaminated materials according to local regulations.
- **Storage:** Store the bottles in a cool, dry place away from direct sunlight and heat sources to prevent degradation of the bottle material.
- **Disposal of Solvents:** Follow local regulations for the disposal of solvents and empty bottles. Do not pour solvents down the drain or dispose of them in regular trash.

## Instructions for Installation and Usage

### 1. Filling the Bottle:

- Ensure the bottle is clean and dry before filling.
- Use a funnel if necessary to avoid spills.
- Fill the bottle to the indicated maximum fill line to prevent overflow.

### 2. Using the Applicator Cap:

- Remove the solid cap and replace it with the applicator flipsnout cap.
- Open the flipsnout cap when you are ready to apply the solvent.
- Close the cap securely after use to prevent leaks.

### 3. Storing the Bottle:

- Always store the bottle upright.
- Ensure the cap is tightly secured to prevent evaporation and spills.

### 4. Cleaning the Bottle:

- Clean the exterior of the bottle with a damp cloth as needed.

- If using strong solvents, ensure they are compatible with the bottle material before cleaning.

## Disposal Instructions

- Dispose of empty solvent bottles in accordance with local waste management regulations.
- If the bottle is contaminated with solvents, contact your local waste disposal service for guidance on proper disposal methods.
- Do not incinerate the bottles unless specifically instructed to do so by local regulations.

## Contact Information for Further Support

For any safety inquiries or concerns regarding the Sinclair International Solvent Bottles, please refer to the contact details provided with your product packaging or visit the manufacturer's website for more information.

Thank you for following these safety instructions. Your safety is our priority.
