

TYPE B CUSTOM DROP TUBES 22 CAL AND UP - SINCLAIR INTERNATIONAL 22 CALIBER 6" TYPE B CUSTOM DROP TUBE

[Reloading](#) > [Powder Handling](#) > [Powder Measures & Dispensers](#)

Sinclair Custom Type B Drop Tubes are clear acrylic so you can observe your powder charge as it drops. Each drop tube is fitted with an aluminum sleeve to insure a perfect fit in your powder measure or drop tube adapter. Our .22 caliber and up drop tubes are available in 3/16" inside diameter and 4 different lengths. The longer lengths are great when you are trying to get more powder in a high fill case, especially when using longer bullets. Type B Drop Tubes will fit Lyman, Dodd, Bruno and older Sinclair/Culver style powder measures directly, no adapters are needed.

Safety Instruction Guide for TYPE B CUSTOM DROP TUBES 22 CAL AND UP

Introduction

Thank you for choosing the TYPE B CUSTOM DROP TUBES from Sinclair International. These drop tubes are designed for safe and effective use in reloading applications. This guide provides essential safety instructions and operational guidelines to ensure your safety and the proper functioning of the product.

General Safety Guidelines

- Always read and understand the product manual before use.
- Ensure that the drop tube is compatible with your powder measure or drop tube adapter.
- Keep the product out of reach of children and vulnerable individuals.
- Regularly inspect the drop tube for any signs of damage or wear before each use.
- Report any unsafe conditions or incidents to the appropriate authorities.
- Stay informed about product recalls and safety updates through the EU Safety Gate platform.

Specific Safety Precautions for Use

- Use only with powders and materials that are safe for this type of equipment.
- Avoid using the drop tube in environments with high humidity or extreme temperatures.
- Do not attempt to modify or repair the drop tube; contact a professional if repairs are needed.
- Ensure that the drop tube is securely attached to the powder measure before use to prevent spills.
- Always wear appropriate safety gear, such as safety glasses, when using the drop tube.

Instructions for Installation and Usage

1. Installation:

- Ensure the powder measure is clean and free of debris.
- Align the drop tube with the powder measure or drop tube adapter.
- Insert the drop tube into the adapter and ensure a snug fit.
- If using an aluminum sleeve, ensure it is properly positioned to secure the drop tube.

2. Usage:

- Before starting, check the powder charge visually through the clear acrylic.
- Slowly pour the powder into the drop tube, ensuring it flows freely.
- After the powder charge has been dispensed, remove the drop tube carefully to avoid spills.
- Clean the drop tube after each use to maintain its clarity and functionality.

Disposal Instructions

- Dispose of the drop tube in accordance with local regulations for plastic waste.
- If the drop tube is damaged beyond repair, ensure it is disposed of safely to prevent injury or environmental harm.

Contact Information for Further Support

For any inquiries or additional support regarding the TYPE B CUSTOM DROP TUBES, please refer to the contact information provided with your product or visit the manufacturer's website.

Thank you for prioritizing safety while using your TYPE B CUSTOM DROP TUBES. Your adherence to these guidelines will help ensure a safe and effective reloading experience.
