

TYPE B CUSTOM DROP TUBES 6.5MM AND UP - 6.5MM 10" TYPE B CUSTOM DROP TUBE

[Reloading](#) > [Powder Handling](#) > [Powder Measures & Dispensers](#)

Sinclair Custom Type B Drop Tubes are clear acrylic so you can observe your powder charge as it drops. Each drop tube is fitted with an aluminum sleeve to insure a perfect fit in your powder measure or drop tube adapter. Our 6.5mm and up drop tubes are available in 1/4" inside diameter and 4 different lengths. The longer lengths are great when you are trying to get more powder in a high fill case, especially when using longer bullets. Type B Drop Tubes will fit Lyman, Dodd, Bruno and older Sinclair/Culver style powder measures directly, no adapters are needed.

Safety Instruction Guide for TYPE B CUSTOM DROP TUBES 6.5MM AND UP

Introduction

Thank you for choosing the Sinclair Custom Type B Drop Tubes. These drop tubes are designed for safe and effective use in conjunction with your powder measure. This guide provides essential safety instructions and guidelines to ensure your safe experience while using this product.

General Safety Guidelines

- **Product Safety:** Always ensure that the drop tube is used in accordance with the manufacturer's instructions. This product is designed for nonfood use only.
- **Enhanced Recalls:** Stay informed about any recalls related to this product. You can find updates on the EU Safety Gate platform.
- **Online Shopping:** If purchased online, ensure the seller complies with EU safety requirements.
- **Special Consumer Focus:** This product is not intended for use by children. Keep out of reach of minors.
- **EU Contact Point:** For any safety inquiries, please refer to the contact information provided by your retailer.
- **Rapid Alerts:** Check the Safety Gate system regularly for updates on product safety.

Specific Safety Precautions for Use

- **Avoid Overfilling:** Do not attempt to overfill the drop tube as this may lead to spillage and potential hazards.
- **Inspect Before Use:** Always inspect the drop tube for any signs of damage before use. Do not use if damaged.
- **Proper Handling:** Handle the drop tube with care to avoid breakage. Acrylic is a durable material but can shatter if dropped.
- **Use in WellVentilated Areas:** Always use the drop tube in a wellventilated area to avoid inhalation of any powder particles.
- **Wear Protective Gear:** It is recommended to wear safety glasses and a dust mask while using the drop tube to prevent inhalation and eye irritation from powder.
- **Keep Away from Heat:** Store and use the drop tube away from heat sources to prevent warping or melting of the acrylic material.

Instructions for Installation and Usage

1. Installation:

- Ensure that your powder measure or drop tube adapter is clean and free of any debris.
- Insert the aluminum sleeve of the drop tube into the powder measure or adapter until it fits snugly.
- Ensure that the drop tube is securely attached before use.

2. Usage:

- Pour the desired powder into the top of the drop tube.
- Observe the powder charge as it drops through the tube. Ensure the tube is positioned over the intended receptacle to catch the powder.
- Avoid shaking or tapping the drop tube to expedite the powder drop, as this may cause uneven dispensing.
- After use, carefully remove the drop tube from the powder measure or adapter.

Disposal Instructions

- Dispose of the drop tube responsibly at a recycling facility that accepts acrylic materials.
- Do not dispose of the drop tube in regular household waste.
- Ensure that any remaining powder is disposed of according to local regulations for hazardous materials.

Contact Information for Further Support

For any questions or concerns regarding the use of the TYPE B CUSTOM DROP TUBES, please refer to the contact information provided by your retailer or manufacturer. It is important to reach out for assistance if you encounter any issues or have safety concerns.

By following these safety instructions, you can ensure a safe and effective experience with your Sinclair Custom Type B Drop Tubes. Thank you for your attention to these guidelines.
