

## TYPE B CUSTOM DROP TUBES 22 CAL AND UP - 22 CALIBER 4"

### TYPE B CUSTOM DROP TUBE

[Reloading](#) > [Powder Handling](#) > [Powder Measures & Dispensers](#)

Sinclair Custom Type B Drop Tubes are clear acrylic so you can observe your powder charge as it drops. Each drop tube is fitted with an aluminum sleeve to insure a perfect fit in your powder measure or drop tube adapter. Our .22 caliber and up drop tubes are available in 3/16" inside diameter and 4 different lengths. The longer lengths are great when you are trying to get more powder in a high fill case, especially when using longer bullets. Type B Drop Tubes will fit Lyman, Dodd, Bruno and older Sinclair/Culver style powder measures directly, no adapters are needed.

# Safety Instruction Guide for TYPE B CUSTOM DROP TUBES 22 CAL AND UP

## Introduction

Thank you for choosing the Sinclair Custom Type B Drop Tubes. This guide provides essential safety information to ensure the safe use and handling of this product. Please read this guide carefully before use to understand the potential hazards and how to mitigate them.

## General Safety Guidelines

- Ensure that the drop tube is used only for its intended purpose.
- Always inspect the drop tube for any signs of damage before use.
- Keep the drop tube out of reach of children and vulnerable individuals.
- Use the drop tube in a wellventilated area to avoid inhaling any powder particles.
- Report any unsafe products or accidents to the appropriate authorities.
- Regularly check for recall updates on the EU's Safety Gate platform.

## Specific Safety Precautions for Use

- **Hazard Identification:**
  - The drop tube is made of clear acrylic, which can break if dropped or mishandled. Handle with care.
  - Powder can be flammable; avoid exposure to heat sources.
- **Avoiding Hazards:**
  - Do not use the drop tube if it is cracked or damaged.
  - Ensure that the drop tube is securely fitted to the powder measure or adapter before use.
  - Avoid overfilling the powder measure as it may lead to spills or accidents.

## Instructions for Installation and Usage

### 1. Installation:

- Ensure your powder measure or drop tube adapter is clean and free from any obstructions.
- Carefully insert the drop tube into the powder measure or adapter, ensuring a snug fit.
- Check that the aluminum sleeve is properly aligned and securely fitted.

### 2. Usage:

- Pour the desired powder into the powder measure, ensuring that it does not exceed the recommended fill level.
- Allow the powder to drop through the tube gently. Observe the powder charge through the clear acrylic.
- Once the desired charge is achieved, remove the drop tube carefully to avoid spills.

### 3. PostUse Care:

- Clean the drop tube after each use to prevent powder residue buildup.
- Store the drop tube in a safe, dry place away from direct sunlight and extreme temperatures.

## **Disposal Instructions**

- Dispose of the drop tube in accordance with local regulations for plastic waste.
- If the drop tube is damaged or no longer usable, do not throw it in regular waste. Check with local waste management for proper disposal methods.

## **Contact Information for Further Support**

For any inquiries or concerns regarding the safety and use of the TYPE B CUSTOM DROP TUBES, please refer to the appropriate contact points provided by the manufacturer or retailer.

By following these guidelines, you can ensure a safe and effective experience with your Sinclair Custom Type B Drop Tubes. Thank you for your attention to safety.
