

TYPE B CUSTOM DROP TUBES 22 CAL AND UP - 22 CALIBER 10"

TYPE B CUSTOM DROP TUBE

[Reloading](#) > [Powder Handling](#) > [Powder Measures & Dispensers](#)

Sinclair Custom Type B Drop Tubes are clear acrylic so you can observe your powder charge as it drops. Each drop tube is fitted with an aluminum sleeve to insure a perfect fit in your powder measure or drop tube adapter. Our .22 caliber and up drop tubes are available in 3/16" inside diameter and 4 different lengths. The longer lengths are great when you are trying to get more powder in a high fill case, especially when using longer bullets. Type B Drop Tubes will fit Lyman, Dodd, Bruno and older Sinclair/Culver style powder measures directly, no adapters are needed.

TYPE B CUSTOM DROP TUBES 22 CAL AND UP

Safety Instruction Guide

Introduction

Thank you for choosing the TYPE B CUSTOM DROP TUBES. This guide provides essential safety information to ensure the safe use of your product. Please read this guide carefully before using the drop tubes to understand how to operate them safely and effectively.

General Safety Guidelines

- Ensure that the drop tubes are used only for their intended purpose.
- Always inspect the drop tubes for any damage before use. Do not use if damaged.
- Keep the drop tubes out of reach of children and vulnerable individuals.
- Follow all relevant local laws and regulations regarding the use of reloading equipment.
- Report any unsafe products or accidents to the appropriate authorities.
- Stay informed about product recalls by checking the EU's Safety Gate platform.

Specific Safety Precautions for Use

- Use the drop tubes only with compatible powder measures or drop tube adapters.
- Do not exceed the recommended powder charge for your caliber to prevent overloading.
- Always wear appropriate safety equipment, such as safety glasses, when reloading.
- Ensure that your workspace is wellventilated and free from any sources of ignition.
- Do not use the drop tubes for any purpose other than intended reloading applications.

Instructions for Installation and Usage

1. Installation:

- Remove the drop tube from its packaging.
- Inspect the drop tube to ensure it is free from any defects.
- Insert the drop tube into the powder measure or drop tube adapter, ensuring a snug fit.
- If necessary, secure the drop tube with the aluminum sleeve provided.

2. Usage:

- Measure the desired powder charge according to your reloading specifications.
- Pour the powder into the drop tube carefully, avoiding any spills.
- Observe the powder charge as it drops through the tube to ensure accurate measurement.
- After use, remove the drop tube from the powder measure and clean it if necessary.

Disposal Instructions

- Dispose of any damaged or unusable drop tubes in accordance with local regulations.
- If the drop tubes are made from acrylic, check with local waste management for proper disposal methods.
- Do not dispose of the drop tubes in regular household waste if they are still functional.

Contact Information for Further Support
