

# TYPE B CUSTOM DROP TUBES 6.5MM AND UP - 6.5MM 6" TYPE B CUSTOM DROP TUBE

[Reloading](#) > [Powder Handling](#) > [Powder Measures & Dispensers](#)

Sinclair Custom Type B Drop Tubes are clear acrylic so you can observe your powder charge as it drops. Each drop tube is fitted with an aluminum sleeve to insure a perfect fit in your powder measure or drop tube adapter. Our 6.5mm and up drop tubes are available in 1/4" inside diameter and 4 different lengths. The longer lengths are great when you are trying to get more powder in a high fill case, especially when using longer bullets. Type B Drop Tubes will fit Lyman, Dodd, Bruno and older Sinclair/Culver style powder measures directly, no adapters are needed.

# Safety Instruction Guide for TYPE B CUSTOM DROP TUBES 6.5MM AND UP

## Introduction

Thank you for choosing the TYPE B CUSTOM DROP TUBES 6.5MM AND UP. These drop tubes are designed for safe and effective use in powder measurement. Please read this safety instruction guide carefully to ensure proper handling, installation, and usage of the product.

## General Safety Guidelines

- Ensure that the drop tube is used in a wellventilated area to avoid inhalation of any powder particles.
- Always wear appropriate personal protective equipment (PPE) such as safety glasses and gloves when handling powders.
- Keep the drop tube and powders out of reach of children and pets to prevent accidental ingestion or injury.
- Regularly inspect the drop tube for any signs of damage or wear. Do not use a damaged drop tube.
- Follow all local regulations regarding the handling and storage of powders.

## Specific Safety Precautions for Use

- Do not exceed the recommended powder capacity for the drop tube.
- Avoid using the drop tube with incompatible powders. Refer to the powder manufacturer's guidelines for compatibility.
- Ensure that the drop tube is securely fitted to the powder measure or drop tube adapter before use to prevent spills.
- Do not attempt to modify or alter the drop tube in any way.
- In case of any spills, clean the area immediately and dispose of any spilled powder according to local regulations.

## Instructions for Installation and Usage

### 1. Installation:

- Select the appropriate length of the drop tube based on your needs.
- Insert the drop tube into the powder measure or drop tube adapter, ensuring a snug fit.
- If using an adapter, ensure that it is compatible with the drop tube.

### 2. Usage:

- Before starting, ensure that the powder measure is empty and clean.
- Pour the powder into the powder measure.
- Activate the powder measure according to the manufacturer's instructions, allowing the powder to flow through the drop tube.
- Observe the powder charge as it drops through the clear acrylic drop tube.

### 3. PostUse:

- After use, remove the drop tube from the powder measure.
- Clean the drop tube with a soft brush or cloth to remove any residual powder.
- Store the drop tube in a safe place, away from direct sunlight and moisture.

## **Disposal Instructions**

- Dispose of any unused or expired powders in accordance with local regulations.
- The drop tube itself can be disposed of with regular plastic waste unless otherwise specified by local waste management guidelines.
- Do not dispose of powders or the drop tube in a manner that may harm the environment.

## **Contact Information for Further Support**

For any questions or concerns regarding the safety and usage of the TYPE B CUSTOM DROP TUBES 6.5MM AND UP, please refer to your retailer or manufacturer for further assistance.

Thank you for taking the time to read this safety instruction guide. Your safety and satisfaction are our top priorities.
