

# TYPE B CUSTOM DROP TUBES 6.5MM AND UP - 6.5MM 8" TYPE B CUSTOM DROP TUBE

[Reloading](#) > [Powder Handling](#) > [Powder Measures & Dispensers](#)

Sinclair Custom Type B Drop Tubes are clear acrylic so you can observe your powder charge as it drops. Each drop tube is fitted with an aluminum sleeve to insure a perfect fit in your powder measure or drop tube adapter. Our 6.5mm and up drop tubes are available in 1/4" inside diameter and 4 different lengths. The longer lengths are great when you are trying to get more powder in a high fill case, especially when using longer bullets. Type B Drop Tubes will fit Lyman, Dodd, Bruno and older Sinclair/Culver style powder measures directly, no adapters are needed.

## Attributes

# Safety Instruction Guide for TYPE B CUSTOM DROP TUBES 6.5MM AND UP

## Introduction

Thank you for choosing Sinclair Custom Type B Drop Tubes. This guide provides essential safety information to ensure the safe use of your drop tubes. Please read this manual carefully before use to prevent accidents and ensure optimal performance.

## General Safety Guidelines

- Ensure that the product is used only for its intended purpose.
- Always inspect the drop tube before each use for any signs of damage or wear.
- Keep the drop tubes out of reach of children and vulnerable individuals.
- Follow all safety instructions provided with your powder measure or drop tube adapter.
- Report any unsafe conditions or accidents to local authorities.
- Stay informed about product recalls through the EU's Safety Gate platform.

## Specific Safety Precautions for Use

### • Hazard Identification:

- The drop tubes are made from clear acrylic; handle with care to avoid breakage.
- Ensure that the drop tube is fitted securely into the powder measure or adapter to prevent spills.

### • Avoiding Hazards:

- Do not use the drop tube if it is cracked or damaged.
- Avoid exposing the drop tube to extreme temperatures or direct sunlight for extended periods.
- Always use appropriate personal protective equipment (PPE), such as safety glasses, when handling powders.

### • Age Specific Warnings:

- This product is not intended for use by children. Adult supervision is required when used in proximity to minors.

## Instructions for Installation and Usage

### • Installation:

1. Ensure that your powder measure or drop tube adapter is clean and free from debris.
2. Align the drop tube with the opening of the powder measure or adapter.
3. Gently insert the drop tube into the opening until it fits snugly. Ensure no gaps are present.

### • Usage:

1. Fill the powder measure with the desired powder type.
2. Allow the powder to flow through the drop tube into the case or container.
3. Observe the powder charge as it drops through the clear acrylic material.
4. Once finished, remove the drop tube carefully to avoid spills.
5. Clean the drop tube after each use to maintain performance.

## **Disposal Instructions**

- Dispose of the drop tube responsibly. If damaged, do not throw it in regular waste.
- Check local regulations for proper disposal methods for acrylic materials.
- Consider recycling options if available in your area.

## **Contact Information for Further Support**

For any questions or concerns regarding the safety and use of your TYPE B CUSTOM DROP TUBES, please refer to the manufacturer's website or customer service resources for assistance.

Thank you for your attention to these safety instructions. Your safety is our priority.
