

# TYPE A CUSTOM DROP TUBES 6.5MM AND UP - SINCLAIR INTERNATIONAL 6.5MM 4" TYPE A CUSTOM DROP TUBE

[Reloading](#) > [Powder Handling](#) > [Powder Measures & Dispensers](#)

Sinclair Custom Type A Drop Tubes are clear acrylic so you can observe your powder charge as it drops. Each drop tube is fitted with an aluminum sleeve to insure a perfect fit in your powder measure or drop tube adapter. Our 6.5mm and up drop tubes are available in 1/4" inside diameter and 4 different lengths. The longer lengths are great when you are trying to get more powder in a high fill case, especially when using longer bullets. Type A Drop Tubes will require an Adapter for use with Redding Powder measures (749-010-851) or RCBS and Hornady Powder Measures (749-002-916). Type A Drop tubes fill fit directly into Niel Jones Powder Measures.

# Safety Instruction Guide for TYPE A CUSTOM DROP TUBES 6.5MM AND UP

## Introduction

Thank you for choosing the Sinclair International Type A Custom Drop Tubes. These drop tubes are designed for safe and effective use in your reloading process. This guide provides essential safety information, installation instructions, and usage precautions to ensure your safety and the proper functioning of the product.

## General Safety Guidelines

- Ensure that you are using the product in accordance with the manufacturer's specifications.
- Always inspect the drop tube for any signs of damage before use.
- Keep the drop tube out of reach of children and vulnerable individuals.
- Do not use the drop tube for any purpose other than intended.
- Report any unsafe conditions or incidents to the relevant authorities.
- Regularly check for recall updates on the EU's Safety Gate platform.

## Specific Safety Precautions for Use

- Use the drop tube only with compatible powder measures and adapters as specified.
- Avoid overfilling the powder measure to prevent spills and accidents.
- Handle the drop tube with care to avoid breaking or cracking the acrylic material.
- Ensure the drop tube is securely fitted into the powder measure or adapter before use.
- Always wear appropriate safety gear, such as safety glasses, when handling powders and reloading equipment.

## Instructions for Installation and Usage

### 1. Installation:

- Ensure your workspace is clean and free from any obstructions.
- Select the appropriate adapter for your powder measure (if required).
- Insert the drop tube into the powder measure or adapter, ensuring a snug fit.
- Verify that the drop tube is securely in place before proceeding.

### 2. Usage:

- Measure the desired amount of powder and pour it into the powder measure.
- Observe the powder charge as it drops through the clear acrylic drop tube.
- Avoid any sudden movements that may cause spillage.
- After use, carefully remove the drop tube from the powder measure, avoiding contact with any remaining powder.

## Disposal Instructions

- Dispose of the drop tube according to local regulations for plastic disposal.
- Do not dispose of the drop tube in regular household waste if it is damaged or broken. Check with local waste management for proper disposal methods.

## **Contact Information for Further Support**

For any inquiries regarding the safety and use of the Type A Custom Drop Tubes, please refer to the manufacturer's contact information provided with the product packaging.

Thank you for your attention to these safety guidelines. By following these instructions, you can ensure a safe and effective reloading experience.
