

STALWART WOODEN LOADING BLOCKS - SINCLAIR INTERNATIONAL

380 AUTO 50 ROUND LOADING BLOCK

[Reloading](#) > [Case Preparation](#) > [Loading Blocks](#)

Reloaders who prefer a traditional hardwood block can use our wooden loading blocks which have the same machined fit as our "Poly" blocks. Each block is machined from select hardwood and has 50 holes (except for #LB-9, which has 32 holes). Finger grooves are machined into the sides for a sure grip. See chart for ordering information.

Safety Instruction Guide for STALWART WOODEN LOADING BLOCKS

Introduction

Thank you for choosing the STALWART WOODEN LOADING BLOCKS from Sinclair International. This guide provides essential safety instructions to ensure the safe use of your loading blocks. Please read this guide carefully before using the product.

General Safety Guidelines

- Always use the loading blocks in accordance with the manufacturer's instructions.
- Ensure that the loading blocks are stored in a safe and dry environment when not in use.
- Keep the loading blocks out of reach of children and vulnerable individuals.
- Regularly inspect the loading blocks for any signs of damage or wear. Do not use damaged blocks.
- Report any unsafe conditions or incidents to the appropriate authorities.

Specific Safety Precautions for Use

- Ensure that the loading blocks are used only with the specified cartridge type (380 Auto).
- Avoid overloading the blocks beyond their capacity (50 rounds for standard blocks, 32 rounds for #LB9).
- Use the finger grooves provided for a secure grip when handling the loading blocks.
- Do not place the loading blocks near any heat sources or flammable materials.
- Always handle ammunition safely and in accordance with local laws and regulations.

Instructions for Installation and Usage

1. Preparation:

- Ensure your work area is clean and welllit.
- Gather all necessary tools and materials before starting.

2. Loading the Blocks:

- Hold the loading block securely using the finger grooves.
- Carefully insert the cartridges into the holes of the loading block, ensuring they are seated properly.
- Do not force cartridges into the holes; if they do not fit easily, check for obstructions.

3. Using the Blocks:

- Once loaded, handle the blocks with care to avoid dropping or damaging them.
- Use the blocks in a secure and stable environment to prevent accidents.

Disposal Instructions

- Dispose of the wooden loading blocks in accordance with local regulations for wood products.
- If the blocks become damaged or unusable, consider recycling the wood material if possible.
- Do not dispose of the blocks in a manner that could cause harm to the environment.

Contact Information for Further Support

For any questions or concerns regarding the STALWART WOODEN LOADING BLOCKS, please refer to the manufacturer's contact information provided with your product or visit the Sinclair International website for further assistance.

Thank you for your attention to these safety guidelines. Your safety is our priority.
