

# STALWART WOODEN LOADING BLOCKS - SINCLAIR INTERNATIONAL 9MM LUGER 50 ROUND LOADING BLOCK

[Reloading](#) > [Case Preparation](#) > [Loading Blocks](#)

Reloaders who prefer a traditional hardwood block can use our wooden loading blocks which have the same machined fit as our "Poly" blocks. Each block is machined from select hardwood and has 50 holes (except for #LB-9, which has 32 holes). Finger grooves are machined into the sides for a sure grip. See chart for ordering information.

# Safety Instruction Guide for STALWART WOODEN LOADING BLOCKS

## Introduction

Thank you for choosing the STALWART Wooden Loading Blocks from Sinclair International. This guide provides essential safety instructions and guidelines to ensure the safe use of your loading blocks. Please read this document carefully before using the product.

## General Safety Guidelines

- Ensure the product is used only for its intended purpose.
- Always inspect the loading blocks for any damage or defects before use.
- Keep the loading blocks out of reach of children and vulnerable individuals.
- Always follow local laws and regulations regarding reloading and ammunition.
- In case of any accidents or unsafe conditions, report them to the appropriate authorities.

## Specific Safety Precautions for Use

- **Material Safety:** The loading blocks are made from hardwood. Ensure that you are not allergic to wood materials.
- **Handling:** Use caution when handling the blocks to avoid splinters or cuts. Always check for smooth edges before use.
- **Stability:** Make sure the loading blocks are placed on a stable surface to prevent tipping or falling during use.
- **Storage:** Store the loading blocks in a dry environment to prevent warping or damage from moisture.
- **Age Restrictions:** This product is not intended for use by individuals under the age of 18. Ensure that only responsible adults handle the loading blocks.

## Instructions for Installation and Usage

### 1. Preparation:

- Ensure that you have a clean and organized workspace.
- Gather all necessary tools and materials for your reloading process.

### 2. Loading the Blocks:

- Place the loading block on a flat, stable surface.
- Insert the cartridges into the designated holes, ensuring they fit securely.
- Do not force cartridges into holes that are too tight, as this may cause damage.

### 3. Using the Blocks:

- When using the loading blocks, maintain a firm grip using the finger grooves provided on the sides.
- Avoid placing excessive weight or pressure on the blocks to prevent breakage.

### 4. PostUse Care:

- After use, remove all cartridges from the loading blocks.
- Wipe down the blocks with a dry cloth to remove any debris or moisture.
- Store the loading blocks in a safe location away from children.

## Disposal Instructions

- Dispose of the loading blocks in accordance with local regulations.
- If the blocks are damaged beyond use, consider recycling the wood if possible.
- Do not burn the loading blocks, as this may release harmful substances.

## Contact Information for Further Support

- For any safety inquiries or concerns regarding the STALWART Wooden Loading Blocks, please contact the appropriate customer service or regulatory authority in your region.

By following these safety instructions, you can ensure a safe and effective experience with your STALWART Wooden Loading Blocks. Thank you for your attention to safety!
