TYPE B CUSTOM DROP TUBES Safety Instructions

Introduction

Thank you for choosing the TYPE B CUSTOM DROP TUBES 17/20 CAL. These drop tubes are designed to enhance your reloading experience by allowing you to observe your powder charge as it drops. Please read this safety instruction guide carefully to ensure safe and proper use of the product.

General Safety Guidelines

- Ensure that the product is used only for its intended purpose.
- Always handle the drop tubes with care to avoid any physical damage.
- Keep the drop tubes out of reach of children and vulnerable individuals.
- Regularly inspect the drop tubes for any signs of wear or damage before use.
- If you notice any defects, do not use the product and contact a qualified professional for assistance.

Specific Safety Precautions for Use

- Do not exceed the recommended powder charge limits specified for your reloading setup.
- Avoid using the drop tubes in environments with high humidity or extreme temperatures, as this may affect performance.
- Always wear appropriate safety gear, such as safety glasses, when using the drop tubes.
- Ensure that the drop tube is properly fitted into your powder measure or drop tube adapter before use.
- Do not attempt to modify or alter the drop tubes in any way.

Instructions for Installation and Usage

1. Installation:

- Remove the drop tube from its packaging.
- Ensure that the aluminum sleeve is clean and free from debris.
- Insert the drop tube into the powder measure or drop tube adapter, ensuring a snug fit.

2. Usage:

- Before adding powder, confirm that the powder measure is set to the desired charge weight.
- Slowly pour the powder into the drop tube, allowing it to flow freely.
- Observe the powder charge as it drops through the tube for accuracy.
- After use, remove the drop tube carefully to avoid spilling any remaining powder.

Disposal Instructions

- Dispose of the drop tubes in accordance with local regulations.
- If the drop tubes are damaged or no longer functional, consider recycling the materials where possible.
- Do not dispose of any powder or hazardous materials in regular waste; follow local disposal guidelines for such substances.

Contact Information for Further Support

For any safety inquiries or further support regarding the TYPE B CUSTOM DROP TUBES, please refer to the contact information provided with your purchase. It is essential to have access to assistance if you encounter any issues or have questions about the product.

Conclusion

By following these safety instructions, you can ensure a safe and effective reloading experience with your TYPE B CUSTOM DROP TUBES. Always prioritize safety and seek assistance when in doubt. Thank you for your attention to these important guidelines.
