

STALWART WOODEN LOADING BLOCKS - SINCLAIR INTERNATIONAL

22 HORNET 50 ROUND LOADING BLOCK

[Reloading](#) > [Case Preparation](#) > [Loading Blocks](#)

Reloaders who prefer a traditional hardwood block can use our wooden loading blocks which have the same machined fit as our "Poly" blocks. Each block is machined from select hardwood and has 50 holes (except for #LB-9, which has 32 holes). Finger grooves are machined into the sides for a sure grip. See chart for ordering information.

Safety Instruction Guide for STALWART WOODEN LOADING BLOCKS

Introduction

Thank you for choosing the STALWART Wooden Loading Blocks. These blocks are designed for reloaders who prefer a traditional hardwood option. This guide provides essential safety instructions to ensure safe and effective use of the product in compliance with the EU General Product Safety Regulation (GPSR).

General Safety Guidelines

- Always handle the loading blocks with care to prevent injury.
- Ensure that the loading blocks are used in a wellventilated area and away from flammable materials.
- Keep the loading blocks out of reach of children and vulnerable individuals.
- Regularly inspect the loading blocks for any signs of damage or wear. Do not use damaged products.
- Follow all manufacturer instructions and guidelines for safe use.

Specific Safety Precautions for Use

- **Material Safety:** The blocks are made from hardwood. Ensure you are not allergic to wood products before use.
- **Cartridge Safety:** Only use the loading blocks with compatible cartridges: 22 Hornet and 22K Hornet.
- **Rounds Held:** The blocks are designed to hold 50 rounds (except for #LB9, which holds 32). Do not exceed the recommended capacity.
- **Grip Safety:** Use the finger grooves for a secure grip while loading to prevent slips and accidents.
- **Storage Safety:** Store the loading blocks in a dry place to prevent warping or damage from moisture.

Instructions for Installation and Usage

1. Preparation:

- Ensure your work area is clean and organized.
- Gather all necessary materials and tools before beginning.

2. Loading Process:

- Place the loading block on a stable, flat surface.
- Ensure the block is oriented correctly with the holes facing up.
- Insert the cartridges into the holes, ensuring they are seated properly.
- Avoid overfilling the block beyond its capacity.

3. Handling:

- Always handle the loading block with both hands when moving it to ensure stability.
- Do not attempt to lift or carry the loading block with cartridges loaded if it exceeds your comfort level.

4. PostUse:

- After use, remove all cartridges from the loading block.
- Clean the block with a dry cloth to remove any debris or residue.
- Store the loading block in a safe place, away from children and pets.

Disposal Instructions

- Dispose of the loading blocks in accordance with local regulations.
- If the blocks are damaged beyond repair, consider recycling the wood material if possible.
- Do not burn the loading blocks as this may release harmful substances.

Contact Information for Further Support

For any safety inquiries or further assistance, please refer to the manufacturer's contact information provided with your product.

Please ensure you follow these guidelines for your safety and the safety of others. Regularly check for updates regarding product safety and recalls through the EU's Safety Gate platform. Thank you for your attention to safety.
