

TYPE A CUSTOM DROP TUBES 22 CAL AND UP - 22 CALIBER 6"

TYPE A CUSTOM DROP TUBE

[Reloading](#) > [Powder Handling](#) > [Powder Measures & Dispensers](#)

Sinclair Custom Type A Drop Tubes are clear acrylic so you can observe your powder charge as it drops. Each drop tube is fitted with an aluminum sleeve to insure a perfect fit in your powder measure or drop tube adapter. Our .22 caliber and up drop tubes are available in 3/16" inside diameter and 4 different lengths. The longer lengths are great when you are trying to get more powder in a high fill case, especially when using longer bullets. Type A Drop Tubes will require an Adapter for use with Redding Powder measures (749-010-851) or RCBS and Hornady Powder Measures (749-002-916). Type A Drop tubes will fit directly into Niel Jones Powder Measures.

Safety Instruction Guide for TYPE A CUSTOM DROP TUBES 22 CAL AND UP

Introduction

Thank you for choosing the TYPE A CUSTOM DROP TUBES 22 CAL AND UP. This guide provides essential safety instructions to ensure the safe use of your product. Please read this document carefully before use.

General Safety Guidelines

- Ensure that the drop tube is only used with compatible powder measures and adapters as specified in the product description.
- Always handle powder and ammunition in accordance with local laws and regulations.
- Keep the drop tube away from children and pets to prevent accidents.
- Inspect the drop tube for any damage before use. Do not use if damaged.
- Store the drop tube in a cool, dry place away from direct sunlight.
- Report any unsafe products or accidents to the relevant authorities.

Specific Safety Precautions for Use

- Use the drop tube only for its intended purpose, which is to dispense powder for reloading ammunition.
- Avoid using the drop tube in environments with high humidity or extreme temperatures, as this may affect performance.
- When filling the drop tube, ensure that it is securely attached to the powder measure to prevent spills.
- Do not attempt to modify or alter the drop tube in any way.
- When using the drop tube, wear appropriate safety gear, such as safety glasses and a dust mask, to protect against powder exposure.
- If you experience any allergic reactions or discomfort while using the product, discontinue use immediately and consult a professional.

Instructions for Installation and Usage

1. Installation:

- Identify the appropriate adapter for your powder measure (Redding, RCBS, Hornady, or Niel Jones).
- Insert the drop tube into the adapter until it fits snugly.
- Ensure that the connection is secure before proceeding.

2. Usage:

- Prepare your powder and ensure it is suitable for use with the drop tube.
- Carefully pour the powder into the drop tube, ensuring not to overfill.
- Observe the powder charge as it drops through the clear acrylic.
- After dispensing, remove the drop tube carefully to avoid spills.
- Clean the drop tube after each use to prevent residue buildup.

Disposal Instructions

- Dispose of the drop tube in accordance with local regulations for plastic waste.
- Do not dispose of the drop tube in regular household waste if it is contaminated with powder.
- If the drop tube is damaged beyond repair, consult local waste management for proper disposal methods.

Contact Information for Further Support

For any inquiries or support regarding the TYPE A CUSTOM DROP TUBES 22 CAL AND UP, please refer to the contact information provided by the manufacturer or retailer. It is important to have access to assistance for any safety concerns or productrelated questions.

By following these safety instructions, you can ensure a safe and effective experience with your TYPE A CUSTOM DROP TUBES 22 CAL AND UP. Thank you for your attention to safety.
