

TYPE A CUSTOM DROP TUBES 6.5MM AND UP - SINCLAIR INTERNATIONAL 6.5MM 8" TYPE A CUSTOM DROP TUBE

[Reloading](#) > [Powder Handling](#) > [Powder Measures & Dispensers](#)

Sinclair Custom Type A Drop Tubes are clear acrylic so you can observe your powder charge as it drops. Each drop tube is fitted with an aluminum sleeve to insure a perfect fit in your powder measure or drop tube adapter. Our 6.5mm and up drop tubes are available in 1/4" inside diameter and 4 different lengths. The longer lengths are great when you are trying to get more powder in a high fill case, especially when using longer bullets. Type A Drop Tubes will require an Adapter for use with Redding Powder measures (749-010-851) or RCBS and Hornady Powder Measures (749-002-916). Type A Drop tubes fill fit directly into Niel Jones Powder Measures.

Safety Instruction Guide for TYPE A CUSTOM DROP TUBES 6.5MM AND UP

Introduction

Thank you for choosing the TYPE A CUSTOM DROP TUBES from Sinclair International. This guide provides important safety instructions to ensure the safe use and handling of your drop tubes. Please read this document carefully before using the product.

General Safety Guidelines

- Ensure the drop tubes are used only for their intended purpose.
- Keep the drop tubes out of reach of children to prevent accidents.
- Regularly inspect the drop tubes for any signs of damage or wear before each use.
- Do not use the drop tubes if they are cracked or damaged.
- Follow all manufacturer instructions and guidelines for use and maintenance.
- Report any unsafe product experiences or accidents to the appropriate authorities.

Specific Safety Precautions for Use

- Use the drop tubes only with compatible powder measures or adapters.
- Avoid overfilling the powder measure to prevent spills and potential hazards.
- Always work in a wellventilated area when handling powders.
- Wear protective eyewear when using the drop tubes to avoid injury from powder spills.
- Do not attempt to modify or alter the drop tubes in any way.

Instructions for Installation and Usage

1. Installation:

- Ensure that the powder measure or drop tube adapter is clean and free of debris.
- Insert the drop tube into the powder measure or adapter until it fits snugly.
- For Redding Powder measures, ensure you use the appropriate adapter (749010851).
- For RCBS and Hornady Powder Measures, use the specified adapter (749002916).
- Check that the drop tube is securely attached before use.

2. Usage:

- Measure the desired amount of powder and pour it into the powder measure.
- Allow the powder to flow through the drop tube into the case.
- Observe the powder charge through the clear acrylic drop tube to ensure proper filling.
- If using longer bullets, consider the benefits of longer drop tubes for better powder fill.

Disposal Instructions

- Dispose of any damaged drop tubes in accordance with local regulations.
- Do not throw the drop tubes in regular household waste if they are contaminated with hazardous materials.
- Check with local waste management services for proper disposal methods for acrylic materials.

Contact Information for Further Support

For any inquiries regarding the safety and use of the TYPE A CUSTOM DROP TUBES, please refer to the manufacturer's contact points as indicated on the packaging or product documentation.

By following these safety instructions, you can ensure safe and effective use of your TYPE A CUSTOM DROP TUBES. Thank you for your attention to these important guidelines.
